Creating Clearance

Work Geometry

Careful consideration of how products work together is fundamental to creating a comfortable work environment. It is important to determine whether the clearances between chair/stool and table are large enough to allow for an individual's legs to be positioned under the table and yet not too large as to result in awkward upper body positions when using the worksurface.

Occasional

Table Height: 16" - 18"
Clearance: Not Applicable

Continental

Table Height: 26" - 27"
Clearance: 8.5" - 10"

Standard

Table Height: 28" - 29.75"
Clearance: 10" - 11"

Counter

Table Height: 36" - 37.6"
Clearance: 10" - 12"

Bar

Table Height: 41" - 42"
Clearance: 10" - 12"

Pairing Guide

Choose your table height to browse options and featured seating solutions to accommodate a variety of postures and settings.
