Costa

HBF

Costa
by Mario Ruiz

With modular versatility at its core, Costa effortlessly shifts between work, training, café, and collaboration—meeting the evolving needs of contemporary environments.

Thoughtfully engineered, Costa's nesting and flip-top design transforms setup and storage into a simple, fluid motion, empowering users to create space, on demand.

Crafted with refined materials, smart technology integration, and lasting durability, Costa exists not just to furnish a room, but to anticipate its next purpose.

MARIO RUIZ

Mario Ruiz is a Barcelona-based industrial designer known for his thoughtful, understated approach that balances functionality and simplicity. Since founding Studio TK in 1995, Ruiz has collaborated with global brands across furniture, lighting, technology, and workplace design.

A long-time HBF collaborator, Ruiz designed the Linea and November collections—and most recently, the Costa table collection.

Costa Table Collection

Rectangle Table

A study in versatility, the Costa Rectangular Table offers a pure, architectural form that serves as the foundation for a wide range of configurations.

Half Round Table

Defined by its soft curvature, the Costa Half Round Table bridges structure and movement—encouraging group interaction while serving as an elegant endcap when paired with rectangular tables.

Media Half Round Table

Designed for technology-rich environments, the Costa Media Half Round Table enhances presentations, group work, and hybrid meetings—seamlessly integrating power and media connectivity.

Round Table

The Costa Round Table brings people together with ease, offering a welcoming surface ideal for casual conversations, breakout sessions, or impromptu collaboration.

Radiused Corner Table

Designed exclusively to pair with the Costa Rectangular Table, the Radiused Corner Tabletop brings subtle movement to modular layouts. Its soft curve brings a sense of flow to configurations, enhancing both the function and aesthetic of connected tables.

Costa Rectangular Table with Modesty Panel

Price List

Planning Typicals

With modular design and intuitive engineering, Costa unlocks configurations ranging from simple pairings to dynamic, multi-table layouts—all in a refined palette of finishes designed to complement a space.

10   Ganging Bracket Detail

Design Features

1. Flip-top nesting option for effortless storage and fast reconfiguration. Centered flip mechanism allows for one-person to flip and move.

2. Fixed tabletop option for setups where nesting is not required.

3. Veneer tops with coordinating wood edge band for a seamless finish. Laminate tops with pre-matched soft PVC edge band for durability and color harmony.

4. Sleek metal legs available in multiple finishes.

5. Optional modesty panel for additional privacy.

6. Integrated power options — available soft or hard-wired, supporting today's technology needs.

7. Wire management trough detail for organized horizontal cable routing.

8. Wire management leg detail to discreetly guide power down to the floor.

9. Choice of casters for mobility or glides for stability.

10. Ganging mechanism for secure multi-table configurations.

Sustainability

HBF designs for longevity—crafting furniture that's built to last, easy to service, and ready to evolve alongside the spaces it serves.

– ANSI/BIFMA LEVEL® 3 Furniture Sustainability Standard certified

– Achieving SCS Indoor Advantage Gold certification, Costa complies with the strictest standards for low chemical emissions.

– Crafted for circular design, Costa offers durability, effortless reconfiguration, and easy disassembly to support.
