Meki by Todd Bracher

Meki exemplifies the power of limitless design potential, empowering designers to craft environments that exude elegance, creativity, and practicality. Born from Todd Bracher's vision, Meki presents an unrivaled selection of premium material combinations, seamless power solutions, and sizes to suit corporate and hospitality interiors. Its adaptable features embody the essence of modern interior design, making it ideal for creating unforgettable experiences.

TODD BRACHER

Todd Bracher is a visionary designer with a proven track record of delivering innovative and impactful solutions. His "Context-based Design" philosophy emphasizes the importance of understanding the underlying context and needs of a project, leading to designs that are both relevant and enduring. Bracher's collaboration with HBF has been a catalyst for creative innovation, resulting in a series of products that are redefining the modern workplace.
