BRIM™
SEATING

FORM THAT FUNCTIONS

Say hello to Brim—seating that's full of curves, comfort, and confidence. Its sculpted shape doesn't just look good; it's built to welcome you in, support your posture, and keep you comfortable without overthinking it. Smart, stylish, and refreshingly simple to specify, Brim delivers premium appeal without the detours. With Brim, every curve has a purpose.

BRIM: DESIGNED BY NILS KÖHN

"We wanted Brim to balance form and comfort in a way that's truly natural. The generous seat and sculpted shell work together to support the body intuitively, so every curve serves a purpose."

CURVE APPEAL

Brim's sculpted, one-piece shell is sleek, smart, and effortlessly comfortable. Its roomy seat welcomes you in, giving space to stretch or settle comfortably, while the softly curved arms cradle your body, naturally supporting posture without thinking about it.

SUPPORTIVE BY NATURE

Brim's curves encourage balanced posture and comfortably position the body without forcing it into place.

ROOM TO RELAX

With a roomy seat, Brim gives you space to settle in your own way. Dial up your comfort and style with a customizable seat pad available in most HON fabrics.

DESIGNED WITH INTENT

Design elements like wood legs made with real Maple add subtle details that make a big impact.

OPTIONS THAT OVERFLOW

Brim is built to flex. Choose from a range of on-trend shell colors, upholsteries, and base options to match your vibe. From café zones to conference rooms, Brim fits in many areas across the office—always ready to adapt. It's the chair that plays well with every team.

DESIGN WITHOUT DETOURS

Brim delivers elevated design with effortless clarity. Its refined bucket shell and tailored lines create a polished, modern presence, while the subtle curved detail adds just the right amount of character. Clean, confident, and thoughtfully restrained, Brim brings simplicity to the space—proving that when design is purposeful, less truly does more.
