PIECED WITH PURPOSE

Mosaic soft seating empowers schools to create dynamic learning environments where students can focus, collaborate, and engage in ways that work best for them. Its modular form and range of back heights support diverse learning activities, while compatibility with Storyline storage enables flexible, space-maximizing layouts that evolve with a school's needs.

Models, upholstery, and finishes are subject to change or discontinuation without notice.
Please work with your sales representative and refer to the HON Pricer for complete details.
