STUDENT DESKS

A variety of desk shapes supports different teaching styles, learning activities, and room configurations, making it easy to create spaces that evolve throughout the day. From individual focus work to group collaboration, flexible layouts help educators make the most of every square foot while supporting a wide range of learning experiences.

TABLES

Shown with SmartLink® seating.

Learning is constantly changing, and Build is designed to change with it. Lightweight, reconfigurable pieces make it easy to shift between individual work, small group collaboration, and classroom-wide instruction.

Shown with SmartLink® seating.

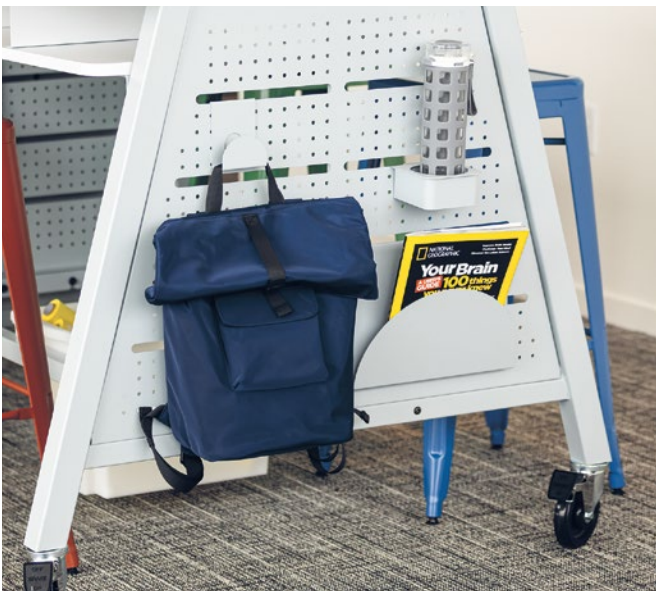

MAKERSPACE TABLES

Build Makerspace Tables help support a wide range of hands-on learning activities in collaborative educational environments. Available in seated-, counter-, and standing-height options, they provide the flexibility to accommodate different users, teaching styles, and project needs. Durable construction and adaptable configurations make it easy to create spaces that encourage creativity, exploration, and collaboration.

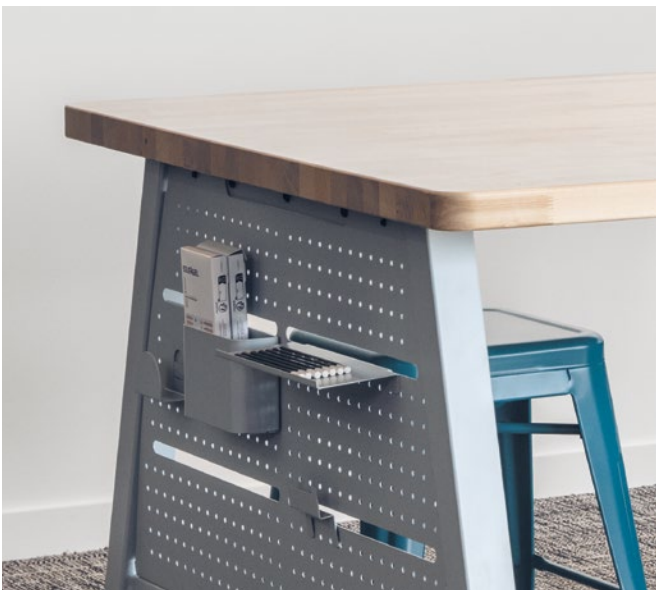

MAKERSPACE STOOLS

Makerspace stools help support a wide range of activities in various shared learning environments. Available in three heights, they provide the right fit for different users and work surfaces. Lightweight construction makes spaces easy to rearrange, while stackable storage helps maximize available floor space. Durable materials stand up to the demands of daily use.

ACCESSORIES & STORAGE

Optional accessories help keep makerspaces organized, efficient, and ready for active learning. SmartLink® storage bins, Fuse™ hanging accessories, shelving, and end panel options provide convenient places to store supplies and keep materials within reach. Flexible organization solutions help support a clean workspace while adapting to the changing needs of the classroom.

BUTCHER BLOCK TOPS

Available with butcher block tops, Build Makerspace Tables offer a durable work surface suited for hands-on projects and creative exploration. The natural look brings warmth and character to learning environments while providing a reliable foundation for collaboration, building, and everyday classroom activities. Designed to support active learning, butcher block surfaces help create spaces where ideas can take shape.

Shown with SmartLink® seating.

BUILD MAXPROTECT EDGE

Classroom furniture is built for constant use, from independent work to collaborative learning. With MaxProtect Edge, Build desks and tables are better equipped to handle everyday impacts and wear. Engineered to resist chips, cracks, and peeling, MaxProtect Edge helps maintain a cleaner appearance while reducing repairs and replacements. It's a simple improvement that delivers long-term durability and supports today's evolving learning environments.

SEATING CHART

FIND THE RIGHT FIT

Comfort and ergonomics matter in the classroom. Picking the right chair for your table or desk should be easy and seamless. When students are positioned correctly, learning begins. Ensure students have the right amount of knee space between the seat and the bottom of the table so arms can rest comfortably on top of the table and the knees form a 90° angle. Pair Build desks and tables with Build stools or other HON education seating series such as SmartLink® or Motivate®.

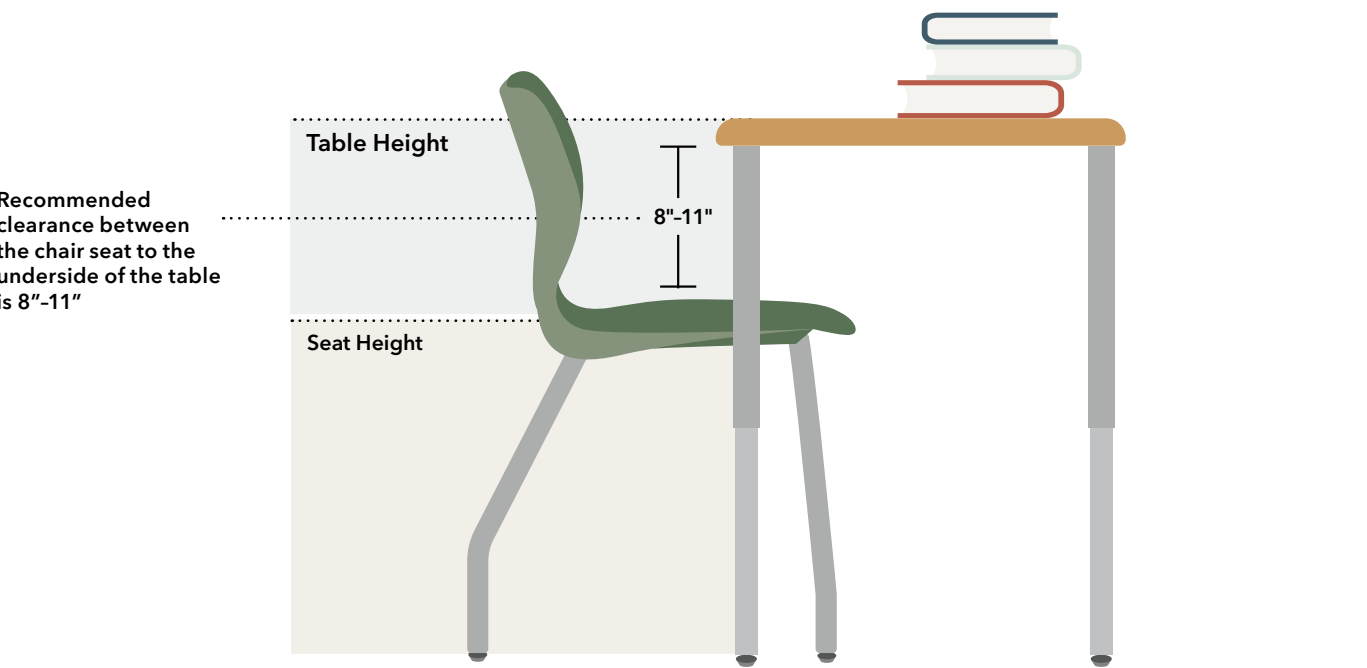

TABLE HEIGHT	14"	22"	24"	27"	29"	36"	42"
SEAT HEIGHT	6"	12"	14"	16"	18"	24"	30"
