A permit is needed anytime liquor is offered for sale or served anywhere other than in a licensed establishment or in a private residence.

Visit LGCA.com for some answers to some common questions about social occasion liquor permits.

You can also contact the permit department at (204) 474-5666 or 1-888-897-6522 Customer's Signature: _____

Customer Reference for Returning Empties

-Most beer products are accepted, if you are unsure double check the can and if it's made with beer or malt beer then we can accept it.

**-Any product containing liquor (Rum, Vodka, Rye, etc) are not refundable.
Eg. Rum/Cola or Vodka/Rockstar related products.**

-Ciders are also not refundable.

-Radlers and King Cans are accepted given they contain beer or malt beer base.

-Beer bottles/cans are accepted however for large quantities we ask you keep all bottles within a 6/12/24 pack and separate them as brown bottles in their own boxes. Clear/green bottles can be together just separated from brown bottles.

-For large quantities of cans we ask you use our BDL bags provided at our location (free of charge)

In these bags they must be filled with 144 cans each as this is the standard for our distributor.

-Farmery/Moosehead/Twisted Tea cans and bottles are accepted, however they go to a separate distributor than all the other products that are being returned. We ask you separate these from all other beer brands into their own box/bag.
