

Bryan Hornung

I help companies overcome the chances of being hacked by cybercriminals

ABOUT

Bryan is the founder of Xact IT Solutions, a leading cybersecurity firm and has earned the coveted CompTIA Security+ Trustmark Certification. He's the author of, Under Attack and Adapt & Overcome. Under Attack helps businesses with the challenge of securing data and systems and provides practical advice to help businesses identify risk and the best way to address it. Adapt & Overcome helps businesses in a similar way but looks at the current cybersecurity landscape as it relates to the challenges brought on by the COVID-19 pandemic and remote work.

Bryan built a strong reputation developing software for the U.S Navy and currently heads up a top cyber security firm. Bryan uses his experience to help others build rock solid cyber security programs that keep hackers away, moves the business forward, and keeps you out of reputation shattering headlines.

His business is one of only 30 other firms that has earned the CompTIA Security+ Trustmark Certification. Earning the Security Trustmark+ demonstrates a true commitment to address the challenges of security compliance facing our industry today. Both book he has written hit the Amazon Best Sellers list and he has worked with hundreds of firms including the U.S. Navy, Northrup Grumman, and BET365.

He was a featured panelist with executives from Zoom & Upwork at the Running Remote Conference. He hosts a weekly cyber security Podcast "Security Squawk" and has over 1500 followers on his YouTube channel. His firm has been featured on Yahoo News!, MarketWatch, and ABC, NBS, Fox, and CBS.
