Dear Friends of Karimu:

Many of you will receive the our 2022 newsletter in the mail, but we wanted to email you as well, to make sure all of our Karimu supporters receive the wonderful news that Quantaphy, a Santa Cruz, California-based company is offering a \$30,000 matching grant. This grant is combined with a \$10,000 matching grant from Nicole and Paul Marca of Marin County, California. So the total grant is \$40,000.

Please read about the matching grant and the urgent need to complete the Arri Water Project in the linked newsletter. We managed to raise enough funds to complete the hostel for disabled children, but we are still short of \$88K to complete the Arri water project. Any donation helps and, if you would like to sponsor a water point (\$1500), you can choose a gratitude plaque personalized with one of the following inscriptions: "In honor of ...", "Sponsored by ...", or "In memory of ...".

Don and I appreciate your continued support and compassion for the communities of Arri and Ayalagaya.

With gratitude
Marianne Kent-Stoll and Don Stoll
