

What a difference!

Dear Donor,

Sorry for sending so many emails lately, but I thought I had to share these pictures with you. As you have seen from my previous email, the 2nd building of Bacho Primary School has been completed and it is now in use. Please take a look at the old and new classroom and the old and new teacher's office.

What a difference!!!! No surprise that school enrollment is already up by over 20%.

Thank you ALL for making such a difference on the daily lives of the kids and teachers of Bacho!

Nelson
