

We are very proud of our schools!

Dear Karimu Supporters,

We just finished analyzing the 2018 data from the schools of Ayalagaya Ward (the region Karimu has been operating). The results are impressive:

- all schools are now feeding their students
- attendance rate is almost reaching our goal of >90% in all schools
- all schools improved the percentage of students passing the National Exam with some increasing the rate by over 50%

While we cannot directly correlate such success to Karimu's investments in education, we can clearly see that our schools are performing significantly higher than the schools in areas where we haven't yet invested. In average, our schools perform at least 20% higher.

In any case, we are very proud of our schools!

Happy New Year,
Nelson Mattos

Green - value at or above target

Yellow - value above 5% below target

Red - value below 5% of target

Note: the target for the National Exam is based on the ratio of students per teacher. Some of our schools have more than 50 students per teacher.

	Food Program	Avg Attendance	2018 National Exam	2017 National Exam
Dareda Kati Primary	100%	89%	77%	71%
Ufani Primary	100%	85%	95%	69%
Bacho Primary	100%	86%	96%	71%
Gajal Primary	100%	86%	71%	47%
Haysam Primary	100%	91%	96%	96%
Ayalagaya Secondary	100%	91%	82%	80%
