Dear Donors and Supporters,

This morning we received the best news any one of us could have wished: all (yes, all !!!) students from Ayalagaya Secondary School, Tsaayo Secondary School, and Dohom Secondary School passed the national exam. This represents 100% of all secondary school students in Arri and Ayalagaya. Additionally, all Ayalagaya school students received such a high score that all of them are entitled to go to university after high school. (In Tanzania, the national exam grade in secondary school determines if a student can go to a professional school, technical college, university, or have to stop your studies.)

My eyes are full of happiness tears as I write this message to you. It is a dream come true! There is nothing that could have made me happier than see that all our students have the opportunity to fulfill their dreams. Here is a [short video of one of them](#).

It is time to celebrate!!!

Thank you so much for your support.
