

Groom®

The carriage base at your service

 *Adjustable to all carts*

Easier to move and steer any cart effortlessly

Groom® is a multifunctional base consisting of two fixed center wheels that support the load, and four swivel wheels that **make it easy to move and steer any cart effortlessly**.

It adapts to your existing carts thanks to its openwork profile and adjustable dimensions. It reduces the arduousness of moving carts, carrying meals or refrigerated carts during service.

Groom® facilitates pushing and pulling carts up to 880 lb. Significantly reducing the effort required, it reduces the emergence of MSDs.

length and width adjustable

Dust cover wheel
