Welcome to The Grand Mark Prague

The Grand Mark is situated in Hybernska street, a perfectly located 5* hotel settled right next to the most attractive sightseeing landmarks. From hotel balconies you can see the Powder Tower, one of the most well known icons of Prague.

The history of the building reaches back to the 15th century, when it was formerly built as a baroque palace.

The first property reconstruction happened in 1928 and the second one in 2008. During the last renovation a many neoclassical items were discovered and restored. The beauty of the architecture was moreover enhanced with modern art placed all around the hotel.

The official hotel opening was in October 2008 and since this time guests have been accommodated in 78 spacious rooms and suites. Every room is unique and offers the highest standard of comfort, starting from double floored suites through rooms with balconies to the largest suites with private terraces and Jacuzzi.

Accommodation Possibilities

14 modern equipped rooms and 64 luxury suites are spread over 3,500 m². With the average size of rooms over 50 m² The Grand Mark offers the most spacious accommodation in Prague. All suites have separate bedroom, huge living room and kitchen corner. At higher floors guests can appreciate the unique view over Prague roofs from private balconies and terraces.

The biggest available room is the **Presidential Suite** situated on the 7th floor. First class space offers cosy comfort and absolute privacy with a view into the calm hotel garden. The room space with over 140 m² allows for conversion itself into a meeting space where guests can have their coffee breaks on the private outside terrace.

Dining in The Grand Mark Style

The Executive Chef, Mr. Jaromír Hlavsa, prepares specialties inspired by International and Czech cuisine. With his art he counts on simple and fresh preparation of all dishes in **Le Grill Restaurant**. The menu is crafted using seasonal ingredients sourced from local farmers, highlighting the finest flavors each season has to offer. Due to the culinary ideology the hotel menu is changed every month according to the season. The only one item which is available in the restaurant for whole year is our signature dessert – **The Grand Mark Cake**.

In addition to its seasonal menu, Le Grill offers special culinary experiences throughout the year. Guests can enjoy a new dessert menu each month, reflecting the current season and featuring ingredients at their peak. During the summer months, the garden restaurant opens, allowing guests to savor exquisite grilled dishes in the beautiful setting of the hotel's garden. Meanwhile, the Conservatory, with its lush greenery views, provides a tranquil and elegant dining environment all year round.

Le Grill guests can enjoy their dishes in various areas. There is the option of the elegantly equipped restaurant with Murano chandelier, a light Lobby Lounge with glass ceiling and warm fireplace area or the arched Two Steps bar with intimate atmosphere and modern conservatory with garden view. At last but not least there is the hotel Baroque garden with high trees, flower beds and fabulous lion water fountain.
