

## GlobalLogic Humanitarian Aid for Ukraine

---

### Donate from a Donor-Advised Fund

The Givinga Foundation is disbursing all donations to the organizations identified in the [GlobalLogic giving campaign](#) to provide humanitarian aid to Ukrainians. If you wish to transfer funds from your Donor Advised Fund to the organizations listed in the GlobalLogic giving campaign, please follow the instructions below.

1. Set the Givinga Foundation (47-4172718) as the recipient.
2. **In the instructions for the donation, indicate [which charity](#)** you'd like the donation to go to, using percents or dollar amounts:

*Example 1: "For GlobalLogic Ukraine fund. Distribute 50% to Nova Ukraine and 50% to Save the Children Ukraine Fund"*

*Example 2: "For GlobalLogic Ukraine fund. Allocate \$5,000 to Razom and \$3,400 to Revived Soldiers Ukraine".*

Write your note in English. Donations without allocation notes will be spread evenly across all charities in the Campaign when the donation was received.

**Do not make the donation anonymously** to ensure if any questions come up in processing it we know who to reach out to. Donor information will only be shared with select GlobalLogic executives and will never be made public.

3. Please allow 3-5 business days for the tracker on the Campaign page to reflect your donation.
