

TOILETS

Pan - Wall Faced, Type 3, Long Drop

Long Drop Toilet Pans, made in Australia by Stoddart, are ideal for national parks and forestry park areas with pit toilet systems.

The Stoddart Toilet Pan reduces maintenance costs. It is designed using the highly reputed Stoddart Security Toilet formed seat and body with a polished inner cone to connect into underfloor treatment pits.

The Long Drop Toilet Pan is vandal resistant, fully welded stainless steel. This construction provides superior strength, hygiene and long service life.

The toilet seat is hydraulically formed to create a safe, strong, comfortable contoured and self draining profile.

Models:

SPPL.TP.WF.3.LD

Code explanation:

SPPL = Standard Product Plumbing

TP = Toilet pan

WF.3 = Wall faced type 3

LD = Long drop

Options

= .316.VAR - 316 grade material

= .550.VAR - reduced length to 550mm

eg.: for specification and ordering

SPPL.TP.WF.3.LD.316.VAR

Features and Benefits:

- Standard unit has 2.0mm stainless steel shroud and formed seat for superior hygiene and strength.
- Optional 316 grade stainless steel is suitable for highly corrosive & coastal environments.
- Base flange allows easy fastening into place on most floor surfaces.
- Plumbing and fixing points are concealed for security and vandal resistance with access to plumbing via side access panels.
- Seat has smooth hydraulically formed radius to both outer and inner edges for safety and comfort and has a self draining seat surface for improved hygiene.
- All external corners are rounded with a smooth radius to both outer and inner edges for safety and comfort and has a self draining seat surface for improved hygiene.
- Supplied as Disabled height and length to comply with AS1428.

Suitable for use where disabled access is required
