

# Super Erecta NK3 Metroseal Wire Shelving

**Unique Design:** The open wire design of these shelves minimises dust accumulation and allow free circulation of air, greater visibility of store items and greater light penetration

**Durable Construction:** Super Erecta shelves and posts are constructed of heavy-gauge carbon steel of Type 304 stainless

**Superior Finishes:** Metro's proprietary epoxy coating, Metroseal 3™, contains Microban® antimicrobial product protection, which protects the epoxy coating from bacteria, mold, mildew and fungus that cause odours, stains and product degradation

**Versatile:** Super Erecta Shelf® wire shelving can adapt to your changing needs. By using various accessories, hundreds of shelving configurations become possible.

**Fast, Secure Assembly:** Numbered double groove visual guides feature every 8" (203mm). A patented, tapered split sleeve snaps together around each post. Tapered openings in the shelf corners slide over the tapered split sleeves providing a positive lock. Shelf is assembled in minutes without the use of any special tools.

**Strong:** Stationary units hold a maximum of 910kg while mobile units have a maximum capacity of 453kg. Maximum weight capacity per shelf evenly distributed: (1219mm or shorter = 363kg; longer than 1219mm = 272kg)

**Adjustability:** Shelves can be adjusted at 1" (25mm) intervals along the entire length of the post

**Shelf Ribs:** run front to back, allowing you to slide items on and off shelves smoothly

**Shelf Accessibility:** Shelves can be loaded/unloaded easily from all sides. This open construction allows maximum use of storage cube

**Adjustable Feet:** Bolt levelers compensate for surface irregularities

**Accessories:** Compatible with the entire system of Super Erecta shelves and accessories

Supports good  
**HACCP**  
processes

## SiteSelect Posts

Stationary post height includes leveling bolt for uneven floors

**NOTE:** Special length posts are available upon request. Consult your Metro representative.

## Stationary

Height (mm)	Weight (kg)	Super Erecta Model No.
1385	1.4	54PK3
1890	1.8	74PK3
2200	2.3	86PK3

## Mobile (For use with stem castors)

Height (mm)	Weight (kg)	Super Erecta Model No.
1570	1.6	63UPK3

## Foot Plates

- Use to bolt units to the floor, or when a broader, more stable foot is desired. Foot plates also help to protect floors by distributing the point load of the shelving unit across a larger contact point
- Foot plates (completely tightened) add 3mm to the specified heights of each stationary post on the table
- Zinc Model no. **9993Z**
- Stainless Steel Model no. **9993S**

## "S" Hook

- Used to add on shelving units with only two posts required. Order two per shelf level.
- Model no. **9995Z**

Supports good **HACCP** processes
