

## Product Information

- High efficiency cooktops with heavy duty electronic components and thick, high-impact Schott Ceran glass-ceramic top, engineered for use in commercial kitchens
- Easy control via the Helios Touch interface
- Temperature range from 29°C - 218°C
- Automatic pan detection for instant energy transmission to the pan & almost no energy consumption when the pan is not present
- Microprocessor monitors vital components to check for overheating and power supply issues
- Automatic shut-off feature prohibits overheating
- Countertop units feature stainless steel housing
- Integral grease filter and air baffle to ensure cleaner and cooler air intake for optimum reliability
- **24-month parts and 12-months labour warranty**
