

Features

- Push button activation
- Hygienic no-touch auto shut-off
- 3, 7 or 15 second* flow time options
- Vandal resistant, chrome plated solid brass construction
- WELS 6 Star 4.5 litres per minute supplied standard

*Flow times are indicative only and may vary depending on water supply pressure and flow conditions

The operation of this product can be affected by the ingress of sand, therefore it is not recommended for use in those types of environments, such as childcare centres. CMPL.1168 would be more suitable.

Technical Information

- **WaterMark** AS 3718 Lic. WM20302
- **Inlet** 15mm 1/2" BSP
- **Working Pressure Range** (kPa) 250 Min - 300 Max
- **Operating Force** (kPa) 22N @ 300kPa
- **Maximum Water Temperature** (°C) 70°C Max
