

Features

- Soft push activation
- Approximately 7 seconds* flow time
- Automatic shut-off without
- Hygienic, anti-scale flow
- Vandal resistant design
- Chrome-plated brass body
- Supplied with blue, yellow and red indicators
- ½" BSP female inlet connection
- 6 Star Water Efficiency Rating

* Flow times are indicative only and may vary depending on water supply pressure and flow conditions.

Technical Information

• WaterMark	AS 3718 Lic. WM20302
• WELS	6 Star Rating (5L/min)
• Inlet	15mm ½" BSP
• Working Pressure Range (kPa)	80 Min - 500 Max
• Maximum Water Temperature	50°C
