Course Outline & Objectives

In the aftermath of the financial crisis, and the implementation of the new UK regulatory framework, the performance of Boards and individual Board members in financial institutions is being scrutinised as never before – particularly in relation to risk management.

This focused half day event has been developed especially for Executive and Non-Executive Directors in firms prudentially regulated by the FCA, to help them understand their risk management responsibilities and the practical steps to fulfilling them, in the developing regulatory environment.

“Good oversight, excellent knowledge by the presenter”

Workshop Leader

Eithne McManus has over 20 years' experience in the financial services industry in a variety of risk and financial management roles, many of them at board level. A qualified actuary, Eithne spent much of her career with City of Westminster Assurance, the UK arm of Irish Life and Permanent, where she was Chief Financial Officer before becoming Chief Executive. After the sale of CWA to Chesnara, Eithne assumed responsibility for risk management and capital assessment within the Chesnara group as a whole, before leaving in 2007 to establish her own consultancy advising companies and Boards on risk and capital issues. Eithne is also a non-executive director at a small mutual insurance company, where she chairs the Audit Committee and sits on the Risk Committee.
