

In-Use Screen

After a Massage program is selected, In-use screen displays all settings to that program.

- 1 Program
- 2 Indicators
- 3 Time remaining
- 4 Active airbags
- 5 Airbag intensity
- 6 Massage techniques
- 7 Back-roller position & direction
- 8 Massage speed

Auto Programs

Quick - Rapid demonstration of all massage techniques and chair motions.

Full Body - Comprehensive massage session using deep tissue kneading, and tapping combines with air cell compression.

Recover - Massage session focused on back and leg/foot region muscle recovery.

Focus - Performs a series of grab, hold, and stretch sequences while the back and legrest move up and down. This is combined with traditional massage techniques.

Relax - Massage session built for winding down with slower paced massage techniques.

All Air - This massage uses only airbags for a full-body compression massage, alternating between the feet, calves, seat, arms, hands, and shoulders.
