

In-Use Screen

After a Massage program is selected, In-use screen displays all settings to that program.

- | | |
|------------------|------------------------------------|
| 1 Program | 6 Indicators |
| 2 Time left | 7 Bluetooth connected |
| 3 4D intensity | 8 Status Icons |
| 4 Active airbags | 9 Back-roller position & direction |
| 5 Active rollers | |

Chromotherapy

From the **HOME** screen, select the **LIGHTS** menu. Navigate to **THEMES** and select your desired light setting.

Solid: Single color light.

Breathe: Single color that dims and brightens on a loop.

Wake Up: Blue enriched lights to boost energy levels - gradually increasing brightness.

Wind Down: Colors of sunset - gradually decreasing brightness.

Multi-wave: All the colors of the rainbow morphing into each other.

Multi-rotate: Colors rotate from one to another.

Intelligent Voice Commands

Awaken Intelligent Voice Commands by saying: **'Switch to Voice Mode'**.

You may now give your chair any of the commands below **within 5 seconds**. Make sure to speak clearly and slowly. After 5 seconds the Intelligent Voice Command function will turn off automatically and must be awakened again.

Commands

Power On	Deep Shiatsu
Switch Off	Healthy Breath
Activate Massage	Massage Extend
Sports Refresh	Relaxation
Extension	Air Bag Massage
Rest & Sleep	Zero Gravity
Working Relief	Start Heat
Neck & Shoulder	Heat Off
Waist & Spine	

Sounds

From the **HOME** screen, select the **SOUNDS** menu. Toggle the following settings to play Nature sounds from your chair.

Sound: Select from Nature sounds.

Volume: Set volume level.

BEEP: Set to OFF to stop sounds from remote control.

To play Nature sounds, Bluetooth must be **ON** prior to selection.

Quick Access Controller
