

In-Use Screen

After a Massage program is selected, In-use screen displays all settings to that program.

- 1 4D intensity level
- 2 Active airbags
- 3 Active rollers
- 4 Time left
- 5 Indicators
- 6 Back-roller position & direction
- 7 Bluetooth connected

Sounds

From the **HOME** screen, select the **SOUNDS** menu. Toggle the following settings to play Nature sounds from your chair.

Sound: Select from Nature sounds.

Volume: Set volume level.

BEEP: Set to OFF to stop sounds from remote control.

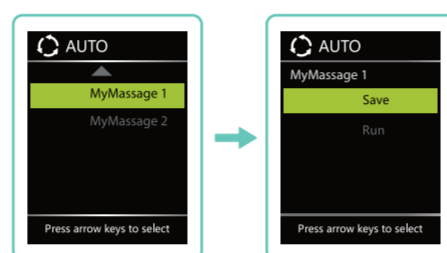

To play Nature sounds, Bluetooth must be **ON** prior to selection.

MyMassage Memory

Your chair has the ability to save your favorite customized massage programs to memory. To do this, **create a manual massage program** (see page 18 of User Manual for instructions) with all of your desired air, heat, speed, and intensity settings.

Storing a memory program:

After creating your custom massage in manual mode, select **AUTO** from the Home display and scroll to the bottom of the page. Here you will see **MyMassage 1** and **MyMassage 2**. Press **OK** button to select either 1 or 2 then select "**Save**". If you save over the top of an existing memory program, the existing program will be erased and replaced by the most recent save.

Loading a memory program

Select **AUTO** from Home display and scroll to the bottom of the page. Select **MyMassage 1** or **MyMassage 2** and then select "**Run**". The chair will now run the program you created.
