

Assembly Guide

Kiyomi™ M698 4D Massage Chair

3 Step 3:
Remove the packaging materials and the protective cover over the chair.

4 Step 4:
Gently fold the footrest down from the seatpad.

5 Step 5:
You'll need two people to lift the chair out of the box. Lift from the base, do not grab the chair's arm panels to move or position.

6 Step 6:
Locate the tablet holder and the tablet remote. Remove the cover from the arm panel revealing 3 screws. Use the Screwdriver to unscrew the screws. Place the tablet holder onto the platform, re-screw each of the 3 screws back into place. Gently clip the cover into place over the screws.

7 Step 7:
Attach the tablet cord to the connection port on the left side of the chair seat. Be careful to line up the pins and key, then push together when aligned — do not force.

2 Step 2:
Slide the top of the box and lift upwards. The chair will be positioned in the box with its footrest up.

8 Step 8:
Locate the zippers on the front and sides of the seat pad. To secure the zippers, align them and zip them up.

9 Step 9:
Plug the power cord into the back of the chair, plug the other side into a grounded 110v outlet. Press the power switch to "I" (on).
The tablet will power on showing a yellow warning screen. Tap to confirm safety warning.

Now, press an auto program on the tablet remote.

If you wish to use an APP to control the chair, download "Kyota Kiyomi M698" from the Apple or Google app store and follow pairing instructions found within the APP.
