

TrueFit® Body Scan

The first time you run a program, Body Scanning will initiate.

After scanning, PLUS/MINUS controls will appear allowing you to fine tune the shoulder height of the back mechanism, if needed. Wait for the count down or tap OK to start the program.

Once the body scan is finished, you will be brought to the in-use screen and your massage program will start. Use this screen to further customize your massage, if desired.

Voice Commands

This feature allows you to control your chair and massage experience completely hands-free by using one of the many voice commands below. To activate, simply say *“Hey Infinity”* OR *“Hi Infinity”*. You may now give your chair any of the listed commands **within 5 seconds**:

MASSAGE PROGRAMS:

Demo Massage	All Air Massage
Relax Massage	Traditional Massage

INFINITY®

Auto Programs - Choose from 24 auto programs each one offering unique capabilities for a complete massage experience.

Air Settings - Tap an air zone and adjust the intensity level for a complete airbag compression therapy session.

Adjustment - complete control over the recline/incline, lifting/lowering the footrest, controlling the footrest's in/out function, and adjusting 3 levels of zero gravity.

Home - Navigate all programs, settings, and options from the home screen. When opening a new screen, you will have access to a new top navigation panel with more settings to choose from. See below to view these settings:

Home Shortcut - Tap this button to be taken to the home screen from any screen that you are currently on.

Auto Shortcut - Tap this button to go to the Auto Program screen, choose from 24 expertly crafted massage programs.

Manual Shortcut - Tap this button to be taken to the Manual Settings screen, customize settings and find the perfect treatment for you.

MyMemory® Shortcut - Have a favorite massage program or manual session? Save to memory and recall it whenever you desire.

Adjustments Shortcut - Tap this button to make adjustments to your chair such as incline/recline and choose a zero gravity recline option.

Bluetooth® Shortcut - Turn Bluetooth on/off and pair your smart device to the chair to play your music, podcast, or favorite audio.

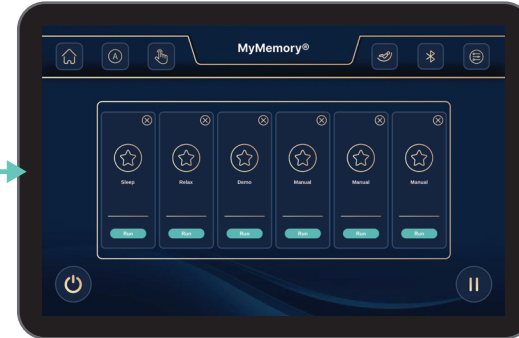

In-Use Shortcut - Tap this button to get back to a running program's In-Use screen.

Manual Settings - Fully customize your own massage session changing options on this screen.

Settings - Adjust beep volume, audio volume, screen brightness, turn on/off Sleep Mode, Bluetooth®, Voice Demo, Language (English or Chinese), LED light, Air Ionizer, Voice Listening, and access Voice List (Commands).

MyMemory® - Save your favorite auto program or manual massage setting to 6 available memory slots. Remove them by tapping on the “X” located in the upper right corner.
