MASSAGE CHAIRS

- 5 Step 5:** Take the tablet holder from the accessory box and position it on the left arm panel where the tablet holder mount is, push the pole inside of the mount and screw the pole base to secure it.

- 6 Step 6:** Attach the tablet cord to the connection port on the left inner side of the arm panel. The connection port and the connection cord plug have key and pins which you will need to line up. When aligned push together, do not force. Now snap the tablet controller into the tablet holder.

- 7 Step 7:** Locate the zippers on the front and sides of the seat pad. Start by zipping the right side, then the left, and finish with the front zipper.

- 8 Step 8:** Plug the power cord into the back of the chair, plug the other side into a grounded 110v outlet. Press the power switch to "I" (on).
