Konbi M728 DualPro 4D Massage Chair

KYOTA®

Auto Programs – Select from 12 auto programs. To select, simply tap the auto program you wish to run. To return to previous screen, tap the top left arrow.

Favorite – While running the program you wish to save, tap Favorite. Then tap Save in the slot you would like it stored. Return anytime to the Favorite screen and tap the corresponding Run button to recall and start the saved program.

Adjustments – Tap adjustments to change your chair's recline setting, turn on/off Meditation Music, Zero Gravity, Rocking, and add or reduce time.

Home Page – After turning on your chair, this is the first screen you will see. Use this screen to navigate all menu options. While running a program, tap the Home icon to return here.

Sound – Choose from 10 SootheMe® sounds. Tap to select the sound then set your volume level. To turn the sound off, de-select the activated sound.

Manual Settings – Use this screen to fully customize your own massage and find the perfect treatment for you. Manual Programs can also be saved as a Favorite after the program starts running, for easy recall.

Health Scan – Place your finger on the health scan button on the lower right armrest. Tap 'Health Scan' to run a program that detects your heart rate and blood oxygen. The program will then recommend a massage program tailored to your fatigue index. Tap "Start Re-Scan" to run the health scan again.

System – Turn on/off sleep mode, Bluetooth®, voice control, view the voice commands list, turn up/down the display brightness, choose a language (English or Chinese), view the firmware version, and help which provides the Kyoto Customer Service number and website address.
