

World Primary Immunodeficiency Week

April 22nd – 29th, 2016

Jeffrey Modell Foundation Update

Alongside physicians, patients, families, & friends,
the Jeffrey Modell Foundation celebrated
World Primary Immunodeficiency Week.

45 countries & **110** locations worldwide joined the
Jeffrey Modell Foundation as together we raised
awareness & educated the public about the importance
of earliest possible diagnosis and access to treatment
for patients with Primary Immunodeficiency!

We stood together, each in our own part of
the world, and set balloons & bubbles free.
We will stand together and continue to save lives.

As our excitement grew we counted down the days to this wonderful week of awareness, education, and celebration!

We are so grateful for everyone who participated in our “uplifting” event!

As is tradition, JMF's inaugural social media post honored our Founder's strength, courage, and legacy.

Jeffrey Modell Foundation

On the first day of World PI Week, we want to honor our Founder, Jeffrey Modell. He may not have met all the lives he touched... but his courage, determination, and strength continues to encourage us to create Awareness, Education, and Advocate for all those affected by PI and inspires us to continue our mission of Hope, Advocacy, and Action each and every day! #JMF #PrimaryImmunodeficiency #WPIW #PIAwareness #GlobalPIAwareness

To which the PI Community came forth to share their appreciation for the movement he inspired.

Charis Charalambous Thank you so much for give us courage to continue thank you Vicky and Fred

Amanda Howard Wojciechowski What a beautiful photo. Jeffrey's life continues to touch, inspire, educate, and improve the lives of so many. Vicky and Fred, your courageous and selfless acts have changed the landscape of medicine and continue to bring awareness to what was once a little known disease. Thank you for all that you do.

“Burst the Bubble”
about Primary Immunodeficiency!

**Be Clever!
Be Cheerful!
Be Creative!**

A circular graphic with a rainbow gradient background. At the top, the text "Burst the Bubble" is written in a large, bold, red font, with "about Primary Immunodeficiency!" in a smaller, italicized font below it. In the center is a cartoon character wearing a black top hat, a red tuxedo jacket, a white shirt, a black bow tie, and a yellow sash with the word "MAGICIAN" written on it. To the right of the character, the text "Be Clever! Be Cheerful! Be Creative!" is written in a bold, black font.

How will you help
