

Momentum I SD Card

The Integral Momentum I SD card is a high-speed SDXC card engineered to meet the demanding needs of professional photographers and videographers. With read speeds up to 210MB/s and write speeds up to 180MB/s, this card ensures smooth, uninterrupted recording of 4K UHD video and rapid burst photography. Compatible with leading DSLR, mirrorless, and camcorder models from brands like Canon, Nikon, Sony, and Panasonic, it delivers versatile performance for a wide range of devices.

Up to 210MB/s Read*
Up to 180MB/s Write*

* Based on internal testing; performance may vary depending on host device.
