

FIT V Black 32GB (2x16GB) DDR5 Gaming RAM 6000MT/s PC5-48000 Unbuffered Non-ECC 1.35V CL30

The KLEVV FIT V Black DDR5 Memory features an ultra-low-profile design for optimal compatibility and cost-effective performance. Designed for content creators, it delivers low latency for quick responsiveness, smooth multitasking, and reliable system performance under demanding workloads. With on-die ECC and PMIC, it guarantees data integrity, power efficiency, and stability, making it an excellent choice for creative, gaming, and high-performance applications

6000MT/s*

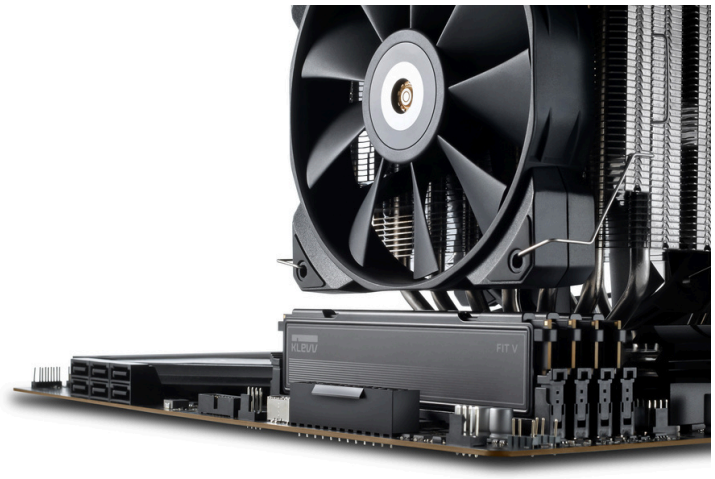

* Based on internal testing; performance may vary depending on host device.

- Experience the unparalleled high-performance KLEVV gaming RAM built with premium SK Hynix chips; tested to rigorous standards and featuring on-die ECC, PMIC and heatsink technology for reliable ultra-fast speed and consistent performance
- Designed for stability and compatibility; listed in the qualified vendor list of leading motherboards including ASUS, GIGABYTE ASROCK and MSI to ensure your system keeps up with demanding tasks
- Ultimate FIT for Pros: The KLEVV FIT V was designed as a DDR5 upgrade with next-gen performance for gaming, design and video editing applications
- Blazing-Fast Responses: With speeds of 6000MHz CL30 and ultra-low CAS latency, you'll experience minimised lag for seamless gameplay. Optimised for higher FPS, this DRAM module delivers the rapid response times needed for an edge in every game.
- Heat Management: The premium quality aluminium heatsink maximises efficiency in thermal conductivity and heat dissipation, whilst the onboard thermal sensor further improves heat management for a smoother, more stable experience
- Ultra-low Design:The modules compact 33.2mm height allows you freedom to build your rig however you want, with hassle-free installation even in compact PCs
- Overclock Ready: Pre-programmed profiles optimised for AMD EXPO and Intel XMP 3.0 13th and 14th gen, you can overclock your memory in a single click, flexible with your chosen set-up

TECHNICAL SPECS:

Capacity:	32GB
Memory Data Rate (megatransfers):	6000
Component For:	PC/Server
Form Factor:	288-pin DIMM
ECC (Y/N):	No
Kit Configurator:	2 x 16
DRAM Technology:	DDR5
Buffered type:	Unbuffered
CAS Latency:	30
Memory Ranking:	2
Module configuration:	2048M x 64
DRAM IC Configuration:	2Gx8
RGB lighting:	No
Memory Voltage (volt):	1.35
Certification:	UKCA
Warranty:	Lifetime

	PART CODE	BARCODE (EAN)
32GB	KD5AGU880-60A300L	4895194968795

	HEIGHT	WIDTH	DEPTH	WEIGHT
Product	33mm	136.34mm	6mm	50g
