

## Translation of Documents Required for Enrolment

If your application documents are in a language other than English or German, a translation is required. To make this process easier for you, we're offering applicants the option of translating these documents with our trusted translation partner.

### Here's how it works:

1. Let us know if you would like to use our partner's services. Once you sign the consent form and send it back to us, our admissions team will forward the e-mail address indicated in your Online Application to our partner's platform, in order to start the process.
2. You will receive an e-mail from our partner's platform in order to complete your registration. Once that's done, you will need to submit the required documents. These documents have been indicated by our Admissions Office, according to your individual application process.
3. The translation partner will assess your documents and e-mail you an offer with the price and the date by which the documents will be ready.
4. You'll need to approve the offer by submitting your payment to the translation partner. You can pay either by wire transfer, PayPal or credit card.
5. After your payment is processed, your translated documents will be ready to be downloaded by the date indicated in the offer.
6. To finish the process, once the translated documents are ready, both you and our Admissions Office will receive this notification via e-mail. At this stage, nothing more needs to be done by you. The Admissions Office will download your documents from the provider's platform, and once they have been approved, you will receive an update by e-mail notifying you that this step has been completed.

### What are the benefits of using this service?

- It's easy – the whole process takes place online, with just a few clicks.
- It's quick – your documents will be translated within 3-7 business days, depending on the source language.
- It saves you money - thanks to the strict quality assurance standards of our translation partner, we will waive the sworn translation requirements for enrolment for documents translated by this service provider.
