## IU PARTNERSHIPS

# BUILD A FUTURE WITH GERMANY'S TOP ONLINE UNIVERSITY

IU International University of Applied Science (IU) has a vision that everybody can access education to grow. With our adaptable learning offers, scalable online platform and highest teaching standards, we provide academic and non-academic organisations with the opportunity to expand their fields of study and training programs with ready-to-run degrees and online certificate courses both in online and blended format.

### Trusted by >75,000 Students

The largest state-accredited German university and Germany's favourite online university.

### Largest integrated online degree offering

With over 200 degrees and 350 non-degree courses, you are guaranteed to find a topic right for you.

### Top quality accreditation and recognition

With a recommendation rate of over 97% and worldwide fully accredited according to German standards.

### Student-centred approach

Online, blended and on campus study formats with on-demand student support.

### High teaching standards and career-focused courses

Over 750 professors, tutors and trainers guiding students in practical application with up-to-date content.

### Large network and superior employability

Successful reputation with over 10,000 trusted international Partners. 94% of IU graduates are employed within 6 months.

# CREATING THE FUTURE IN EDUCATION

IU doesn't just offer **affordable and attractive education** for your institutions and customers in the present, but we offer an **exciting future for your collaboration with us**.

By partnering with IU, **you have the chance to be at the head of education innovation**. With IU International University of Applied Sciences, you can enrol your participants and students today **without incurring setup investments** and high-risk partnerships through **existing high-quality IU content** and valuable additional offerings to **broaden your online learning capabilities and develop additional revenue opportunities**.

## DID YOU KNOW?

By 2050, Digital Education is predicted to upskill an additional 2 billion people and 149 million new jobs compared to today.

## HOW YOU CAN BENEFIT FROM A PARTNERSHIP WITH IU

- Expand your portfolio with our **350 courses** and more than **200 degree programs** with **high quality teaching** and without development costs.
- Provide your students with **accreditation from both the UK and Germany**.
- Take advantage of our **blended learning options** and improve your teaching standards through train-the-trainer sessions with our professors.
- Our platform is designed to offer **high quality with affordable prices**.
- Profit from our **state-of-the-art education and technology** such as our innovative learning platform and tools.
- A "stackable" learning option to **build upon previous skills gained** from within and outside of IU learning.
- Enable your students or customers to gain experiences at our international campuses in **Bad Honnef and Berlin** with an option for a **post-study-visa**.
- Get amazing **career support**, including **career fairs for students** and a **large corporate network** that makes it easier for students to kickstart their careers.
- Be part of a **large partner network** in which one can exchange ideas, learn from one another, and develop the future together.
