INTERNATIONAL UNIVERSITY OF APPLIED SCIENCES

Here you see the order in which you can study your courses in presence depending on your personal study start in October, January, April or July. IU International University of Applied Sciences offers you the flexibility to switch from campus to online studies or the other way around. You decide which semester you want to spend on campus or online. The above is only valid for DACH students. For INT Students: attending the courses on Campus in presence is mandatory and will be verified due to VISA regulations.

If you are studying Model 2 or 4 you will have to start your Master Thesis before completing your Elective B courses.

Each semester consists of two blocks that conclude with a two-week exam preparation phase. You can also defer those exams to a later date that you do not want to take during this period. This way, your exam phases are always spread evenly over the year. In each block, you attend classes on campus for usually three courses to deepen the content in direct exchange with your fellow students and lecturers. You have semester breaks in June and September.

* Electives: For your M.A. Management 60 you can choose two elective modules with two courses each, amounting to 20 ECTS in total. You can freely choose two electives or follow our suggested elective combinations to major in a specific area. Every elective module can only be chosen once.
Note: Those elective modules where the minimum number of participants is not reached will only be offered online (distance learning). However, IU ensures that there are always electives on campus.

Attention: Attendance times may vary slightly depending on public holidays and the federal state holidays the campus is located in.
