# Individual application for recognition/ Crediting of previous achievements for the study programme

Do you have any work experience for which there is no general recognition option, or have you already studied at another university? Then use our "Individual Application for the Recognition of Previous Achievements".

Please read our guidelines in advance. Here you will find important information on how to fill out the application and on the transfer process of previous achievements.

We will be happy to check in advance whether and to what extent we can recognize your achievements. You do not have to enroll straight away!

We only need simple (i.e. not certified) copies of your relevant certificates.

- First you fill in the field with your personal data.
- **On page 3** you will find an overview of all modules and courses in your programme. Please check whether you can document relevant previous experience based on our curriculum. Now select the modules/courses for which you would like to receive credit and enter the relevant information.
- **Important:** Compare your previous academic achievements or verifiable professional experience with the content of the individual modules. You can find the module descriptions in the "Module Handbook".

**Example:** In this excerpt you can see how you should fill in the table (examples in **bold**):

| Module            | Course-Code | Course-Name       | ECTS-CP | Type of achievement (e.g. university course, professional experience etc.) | Institution              | ECTS-CP/Workload           | Recognized/credited ECTS-CP       | Reason für denial                 |
|-------------------|-------------|-------------------|---------|--|--------------------------|----------------------------|-----------------------------------|-----------------------------------|
| Leadership 4.0    | DLBWPLS01-E | Leadership 4.0    | 5       | <b>Seminar, SS 2009</b>  | <b>Sample university</b> | <b>5 ECTS/ 5 SWS</b>       | To be filled in by our university | To be filled in by our university |
| Computer Training | BCTR01-01   | Computer Training | 5       | <b>Activity as a customer advisor</b>                                      | <b>Sample company</b>    | <b>2015-2018 40h/ Week</b> | To be filled in by our university | To be filled in by our university |

- Finally, you submit your application including the necessary documents (see checklist): **Done!**

**Our tip:** To help us process your application even faster, it is helpful if you name your documents by Content\_FirstName\_LastName. **For example:**

Certificate\_Max\_Sample

## WHAT COMES NEXT

1. We will confirm the receipt of your application and request further documents if needed.
2. We will send you a message as soon as we have forwarded your processed request to the examination board for final approval.
3. You will get the result of your recognition.
4. We will forward the result of the recognition to the examination office so that your recognized achievements are recorded in your performance overview in myCampus. However, this will only happen after your official enrollment.
5. If the recognition has led to a cost reduction, you will receive an additional agreement, valid from your official enrollment date, which will be sent to you before you start your payments.

In the event that the start of your studies overlaps with the review of your application for recognition Please do not enroll in any of the courses for which you have applied for recognition when you start your studies. We can only register your recognized courses after the recognition process has been completed and after your enrollment.

**Your advantage:** You are not bound to a fixed schedule when choosing courses, you are completely flexible.

**In case of new study programmes, the new modules are only available at the beginning of the respective semester** (see study schedule full-time model in the download area of the website).

**Note:** Once you have registered for recognition of prior learning, you will no longer be able to take an exam in this course If you have registered for an examination for a module that is also being reviewed for recognition, your application for recognition for this module is invalid according to § 7 (1) of the IU International University of Applied Sciences general Examination Regulations.
