INTERNATIONAL
UNIVERSITY OF
APPLIED SCIENCES

Here you see the order in which you study your courses in presence depending on your personal study start in October, January, April or July. Each semester consists of two blocks. In each block, you attend classes on campus for usually three courses to deepen the content in direct exchange with your fellow students and lecturers. You have lecture-free periods in both June and September, which you can spend reviewing and preparing for exams. Attending the courses on campus is mandatory and will be verified due to Visa regulations (not valid for DACH students).

If you are studying Model 2 or 4 you will have to start your Master Thesis before completing your Elective courses.

Note: You can already start with your thesis earlier than the designated block, once you have met the minimum amount of credit points required to enter.

Electives~

	Elective A	Elective B	Elective A	Elective B

ELECTIVE B~		e.g. IT Governance and Service Management	10	
Master Thesis		Master Thesis	14	Master Thesis
		Thesis Defense	1	Presentation: Colloquium

Each block concludes with a two-week exam preparation phase. You can defer those exams to a later date that you do not want to take during this period. This way, your exam phases are always spread evenly over the year. Exceptions to this are courses that count as admission requirements for other courses.

Attention: Attendance times may vary slightly depending on public holidays and the federal state holidays the campus is located in.

~ Electives: For your M.A. Management 60 you can choose two elective modules with two courses each, amounting to 20 ECTS in total. You can freely choose two electives or follow our suggested elective combinations to major in a specific area. Every elective module can only be chosen once.

Note: Those elective modules where the minimum number of participants is not reached will only be offered online (distance learning). However, IU ensures that there are always electives on campus.
