You've already planned out exactly how your course schedule should look? Wonderful! The IU International University of Applied Sciences offers you the flexibility to choose any module you like from any semester. You can work on a number of modules at the same time or one by one.

At the beginning, choose modules that particularly interest you or that you can use directly in your job. This motivates you and gives you success right from the start.

A module with two courses consists of an introduction and a consolidation. In order to successfully complete a module, you must successfully pass both the introduction and the consolidation of the module within the framework of a module examination.

We have compiled some possible specialisation tracks to give you some direction when choosing your modules.

Spezialisation tracks	Elective A:	Elective B:	Elective C:
<b>Health Psychology</b>	Health Psychology: Stress and Coping	Health Psychology: Interventions	Occupational Health Management and Burnout Prevention
<b>Communication Psychology</b>	Psychology of Comm. and Persuasion	Media Psychology and Communication Research	Corporate Communication and PR
<b>Media Psychology</b>	Media Psychology and User Research	Psychology of Human Computer Interaction	Design Thinking and Prototyping
<b>Business Psychology</b>	Agile Management and Leadership	Organizational Development and Change Management	New Work and Personnel Psychology
			Other modules that can be chosen: Studium Generale Mastering Prompts Career Development
