Purpose of the qualification

Why study the Level 3 Certificate in Business Banking?

The Level 3 Certificate in Business Banking has been designed to provide a comprehensive introduction and the essential knowledge relating to the business banking environment in the UK and the technological and digital developments that are transforming the delivery of service excellence to this important customer segment.

The Certificate provides an overview of the business environment and regulatory landscape. It also considers in detail the vital role of the Relationship Manager in terms of service delivery and how new technology is augmenting this role, together with the core responsibilities of lending assessment and control.

Successful completion enables you to demonstrate high standards of professionalism and enhance your credentials for a successful career in business banking.

Objectives and key content areas

The Level 3 Certificate in Business Banking has been specifically designed to assist banks in enhancing their objective of providing a high-quality service experience to this important customer segment. This qualification has been developed for customer-facing staff who are relatively new to business banking and will equip them with the essential knowledge they need to provide customer service excellence, including an appreciation of the basic principles of effective lending assessment and control.

Throughout the programme, you will understand the:

- business banking environment;
- operation and features of key business banking financial products and services and how these are changing;
- macro-economic influences affecting the UK business banking sector;
- role of the Relationship Manager, now and in the future;
- increasing service demands of business banking customers; and,
- basic principles of effective lending assessment and control.

Key skills developed

The qualification will encourage you to:

- develop an understanding of how and why customers use a range of business banking products;
- demonstrate numeracy skills, including the ability to manipulate financial and other numerical data;
- use appropriate data and information from a range of sources to make financial decisions and recommendations; and,
- increase your ability to work and learn independently.

Structure

The Level 3 Certificate in Business Banking is made up of two mandatory units which need to be successfully completed to achieve the certificate:

Qualification delivery

Total Qualification Time (TQT)

Total Qualification Time (TQT) is a prediction of the total time a student with no prior knowledge might need to complete the qualification.

TQT consists of two elements, Guided Learning (GL) and all other hours:

- Guided Learning (GL) comprises study time under direct teacher supervision, encompassing instructional sessions and supervised examinations.

- All other hours include hours spent unsupervised in research, learning, e-learning, e-assessment, completing coursework, exam preparation, and formal assessments.

The Level 3 Certificate in Business Banking is primarily considered as a self-directed study qualification with planned examination sessions.

Guided Learning Hours	2 hours
Other hours	145 hours
Total Qualification Time	147 hours

Assessment

All components and units are mandatory and assessed. The examination comprises both units 1 and 2, where each is assessed through multiple-choice questions. A total of 80 marks are available from both units comprising 50 marks in Unit 1 and 30 marks in Unit 2. The pass mark for both units is 70%; you must achieve a minimum pass mark in both units.

Preparing for the assessment

Examinations are sat electronically at any one of the Pearson VUE test venues worldwide or via Remote Invigilation in permitted locations where you can sit your assessment remotely. You must be registered to sit an examination at a test venue of your choosing (subject to demand/availability); this is managed by you. It is recommended that you book your exam three weeks in advance of the date you wish to sit. However, subject to availability, an examination can be booked as little as two working days in advance. Examinations can be booked via the Pearson VUE website or by phone. Please visit the Pearson VUE website for further information.

To prepare for the assessment you should make use of all learning resources as part of your revision for the exam.

Qualification grading

The overall qualification is graded Pass/Fail only. To achieve a pass, you must achieve a mark of 70% in each unit. Higher-level passes are identified as pass at Merit/Distinction level.

Grade	Pass Mark (%)
Pass	70%
Pass (at merit level)	80%
Pass (at distinction level)	90%

Feedback is provided via analysis sheets available on [MyLIBF](#), to see your strengths and areas to develop.

Resit attempts

The qualification has a twelve-month registration period. There are no restrictions on the number of times you can resit a unit in which you were unsuccessful, however, you must resit the unit in accordance with the published policies of LIBF.

Additional information

Entry requirements

There are no entry requirements for the Level 3 Certificate in Business Banking. However, you need to be satisfied of your ability to study in English.

Recognition of prior learning (RPL)

LIBF recognises prior learning in different forms. Potentially, this means that you may not be required to register for every unit. Details of how to apply for recognition of prior learning are available on our [website](#).

Progression and preparation for further study

If you wish to develop your skills further, you can progress to our risk training programmes. Full details are available on our website.

Apprenticeships

The LIBF Level 3 Certificate in Business Banking forms part of the following Apprenticeship Standards:

- Compliance/Risk Officer.
- Senior Financial Services Customer Adviser.

Further details can be found on the [Gov.UK website](#).

Preparation for employment

The Level 3 Certificate in Business Banking develops further knowledge and understanding of the business banking industry and enhances skills that are valued within that sector and others, but it does not qualify you for direct entry to a particular occupational role.
