Purpose of the training programme

Why study the Certified Practitioner in Specialist Property Finance (CPSP)?

The Certified Practitioner in Specialist Property Finance (CPSP) is aimed at individuals who are working with, or aspiring to work with or as brokers, lenders, solicitors and valuers operating in the Specialist Property Finance Industry. The CPSP training programme is designed to develop your understanding and ability to analyse the detailed lending and other relationships that exist between a financial institution, the Intermediary and their customers. It considers how lending propositions should be tailored to suit customers working within a range of different types of specialist property loans, how they all work together for the right customer outcome and also the broader spectrum of other more specialised services and products provided within specialist property finance relationships.

As a comprehensive introduction to specialist property lending, when you study CPSP you will explore the financial and practical aspects of lender, broker and customer relationships. You will focus on the analysis of lending propositions and the structuring of suitable solutions and exit strategies. You will also consider regulatory, compliance and fundamental business practices for the industry as well as types and appropriateness of security and developing strategies to exit short-term lending propositions.

The training programme introduces as well as builds upon and develops your previous knowledge and understanding of the lending environment either as an Intermediary or Lender in Specialist Property Finance.

Objectives and key content areas

To provide the knowledge and skills required to be an effective practitioner within the specialist property finance sector.

Throughout the programme, you will gain an understanding of:

- Specialist Property Finance including lending structures: first and second charges, debentures, the legal process and business types;
- financial crime, data protection, fair treatment of customers, vulnerable customers and Consumer Duty;
- bridging loans;
- development finance;
- commercial mortgages;
- buy to let mortgages; and

- the general principles and practical application of the different types of loans within Specialist Property Finance.

Key skills developed

The training programme will encourage you to:

- apply theory to the working environment;
- analyse problems, identify solutions and make clear decisions;
- communicate solutions to complex problems in a clear manner; and
- work and study independently.

Qualification delivery

Assessment

Assessment is by a single, two-hour exam. The first part will be based on the 50 multiple-choice questions and will be worth a total of 50 marks. The second part will have four case studies with 5 linked multiple-choice questions and will be worth a total of 20 marks. The total marks available are 70.

The structure of the assessment ensures that all aspects of the course content are subject to external assessment.

Preparing for the assessment

Examinations are sat electronically at any one of the Pearson VUE test venues worldwide or via Remote Invigilation in permitted locations where you can sit your assessment remotely. You must be registered to sit an examination at a test venue of your choosing (subject to demand/availability); this is managed by you. It is recommended that you book your exam three weeks in advance of the date you wish to sit. However, subject to availability, an examination can be booked as little as two working days in advance. Examinations can be booked via the Pearson VUE website or by phone. Please visit the Pearson VUE website for further information.

To prepare for the assessment you should make use of all learning resources as part of your revision for the exam.

Training programme grading

The training programme is graded Pass/Fail only. To pass, you must achieve a minimum mark of 70%.

The training programme grade boundaries are as follows:

Grade	Percentage mark
Pass	70-100%

Feedback is provided via analysis sheets available on [MyLIBF](#), to see your strengths and areas to develop.

Resit attempts

The qualification has a twelve-month registration period. There are no restrictions on the number of times you can resit a unit in which you were unsuccessful, however, you must resit the unit in accordance with LIBF policies.

Additional information

Entry requirements

There are no specific entry requirements for this training programme.

We would recommend that you have previously worked within a financial broking or lending environment although this is not a pre-requisite to taking this course.

You should also understand basic accounting rules and be confident in your ability to study the mathematical elements of the course along with your ability to study in English.

Recognition of prior learning

In line with LIBF regulations, as CPSP is a single-unit programme RPL does not apply.

Progression and preparation for further study

CPSP provides a platform for continued study within the financial services sector and a wide range of other business-related disciplines.

Upon successful completion of the LIBF Level 3 Certified Practitioner in Specialist Property Finance (CPSP), there are opportunities for further study with LIBF.

Preparation for employment / professional development

CPSP is designed to develop your knowledge and understanding of the Specialist Property Finance Industry and practices. It will also enhance broader skills that are valued within the finance sector and others.

Appendices

Appendix 1 – Specialist Property Finance (CPSP)
