

Assessment Result Enquiry Policy and Procedures for Financial Education Qualifications

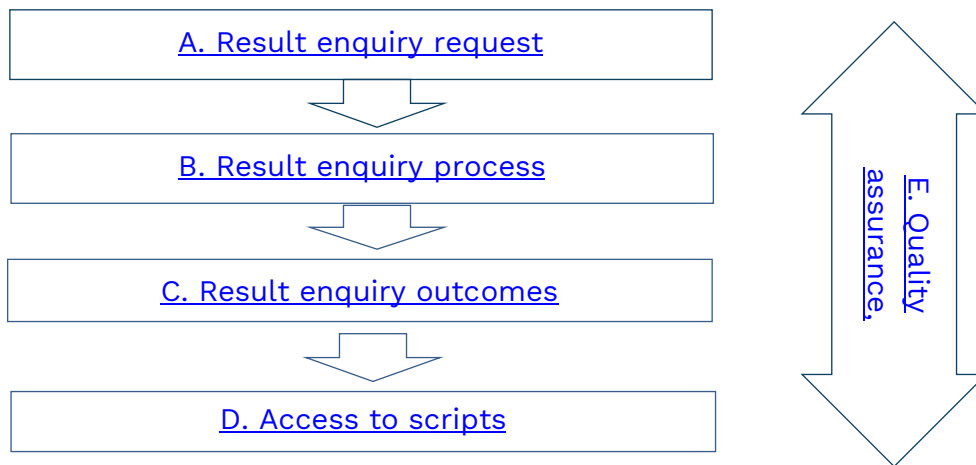

The purpose of the Assessment Result Enquiry Policy and Procedures for Financial Education Qualifications is to provide students and centres with the details of the result enquiry process, describe the categories of a result enquiry, and provide details of enquiry outcomes. It also explains how we monitor result enquiries periodically and review this policy.

Through the Assessment Results Enquiry Policy and Procedure we ensure

- result enquiries are treated fairly, consistently, transparently, and in a timely manner
- we take appropriate actions with regard to the applicant and other learners where result enquiries reveal any failure on our part
- we review aspects of our service in the light of any result enquiries
- we maintain duties of confidentiality to third parties, or other legal duties, in responding to result enquiries.

Summary of policy

The policy and procedures apply to applicants who believe they've been treated unfairly during the assessment and results process, for example, when they believe an assessment mark has been calculated incorrectly. This policy doesn't apply to the applicant who believes their performance during an assessment may have been adversely affected by external factors, for example, noise, illness or unforeseen circumstances. These cases are dealt with under our [Special Considerations Policy](#). The key stages in the Assessment Result Enquiry Policy are set out in the diagram below.

Section A – result enquiry request

- 1.1** If a student believes there's been an error in the marking of their assessment, the centre, on behalf of the student, can apply for a result enquiry.
- 1.2** Before submitting an assessment result enquiry, the applicant should consider the following points
- only assessment components or unit results may be subject to a result enquiry and not the qualification itself
 - the outcome of an application could result in a student's mark and grade being reduced. Therefore, when a centre makes a result enquiry on behalf of a student, it should ensure they've gained the student's written consent prior to the application being submitted
 - centres must retain consent forms for at least six months following the outcome of the enquiry or any subsequent review
 - the effect of a change to the mark gained may be to change the grade or result for the assessment component or unit in question
 - when making a result enquiry, the appropriate fee must be paid

vi. the fee will be refunded if, as an outcome of the result enquiry, the assessment mark increases or decreases from the original or if a question within the assessment is found to be in error. No refund will be made if the mark isn't changed.

1.3 The centre must complete the result enquiry [Application Form](#) and attach the appropriate fee. Letters of concern can't be accepted as applications for results enquiries.

1.4 The application must be made to our Financial Education Services team at the following address

**Financial Education Services
Administrative Centre**

4–9 Burgate Lane
Canterbury
Kent CT1 2XJ
United Kingdom

T: +44 (0)1227 818609

E: fcexams@libf.ac.uk

1.5 The result enquiry application form must be submitted to us within ten working days of the assessment outcome being communicated. For electronically delivered assessments, this means ten working days from the date of the assessment. For written and paper-based examinations, this means ten working days from the date of the results being published on myLIBF. Result enquiry applications can't be made retrospectively to a previous session.

1.6 We reserve the right not to accept a result enquiry application form received outside these timescales.

1.7 A result enquiry application form won't be accepted by us if it doesn't include the appropriate fee.

- 1.8** A result enquiry application form can only be submitted by the centre. Applications by anyone else won't be accepted.
- 1.9** Whatever the outcomes of a result enquiry, our liability arising from any change to the mark, grade or result shall be limited to the refund of the fee paid by the applicant.
- 1.10** We'll acknowledge an application for a result enquiry within five working days of receipt of the result enquiry application form.
- 1.11** When we undertake a result enquiry, the centre will receive an email from us confirming that the result enquiry has been completed. This will normally be sent to the applicant within 30 working days of receipt of the application. The email will also inform the centre of the outcome (see section C).
- 1.12** In the event that an enquiry proves complex, we may need longer than initially anticipated to investigate it. In such cases, we'll make sure the centre is kept informed of progress.
- 1.13** Centres are required to make sure their staff are fully aware of our processes in relation to results enquiries and access to scripts. Centres must also make students aware of these arrangements before completing any assessment to which this policy applies. For result enquiries and access to scripts, centres must refer to the dates published in the key dates and deadlines document.

Section B - result enquiry process

- 2.1** A result enquiry will check the student's original assessment script or electronic record to identify any clerical or procedural errors in the process of marking and recording marks. This will include a secondary marker reviewing the original mark and remarking the assessment, plus checking
 - vii. marking recorded by the original markers
 - viii. parts of a script to make sure all have been marked

- ix. totalling of marks
- x. recording of marks
- xi. transposition of marks to the student record
- xii. application of any adjustments
- xiii. application of pass or grade boundaries.

2.2 The result enquiry is comprised of a clerical recheck and review of the original marking (by someone other than the original examiner) to confirm the appropriate marking scheme has been correctly applied.

2.3 As a result of the enquiry, the centre will receive an email from us confirming the clerical and procedural check and the remark have been completed. This will normally be sent to the applicant within 30 working days of receipt of the application. The email will also inform the applicant of the outcome (see section 6).

2.4 If requested, a copy of the rechecked script(s) for the unit(s) or component(s) will be provided (see section D below).

Section C – result enquiry outcomes

3.1 There are three possible outcomes of a result enquiry for an assessment component or unit

- i. the mark for the assessment component or unit increases
- ii. the mark for the assessment component or unit decreases. If the outcome of a result enquiry decreases the mark for an assessment component or unit, the previous higher mark will not be reinstated
- iii. the mark for the assessment component or unit remains the same.

3.2 A change to the mark for the assessment component or unit may lead to the grade or result in question changing. If this is the case, the email

informing the applicant of the outcome of the result enquiry will clearly explain the impact of the changed mark upon the calculation of the grade or result.

- 3.3** If a certificate has already been issued and a grade is subsequently altered as a result of an enquiry, a new certificate won't be issued until the original has been returned to us.
- 3.4** We'll notify UCAS of any changes to student grades following a result enquiry.
- 3.5** We'll make sure that where the outcome of a result enquiry brings into question the accuracy of the results of other students, steps will be taken to protect the interests of all students. Students who weren't part of the original enquiry can only have their result confirmed or raised.
- 3.6** The centre has a right to appeal against a result enquiry outcome reached by us if they believe that the policy or procedure hasn't been followed properly or has been implemented unfairly. Following receipt of the outcome of an enquiry, applicants have up to 14 working days to lodge an appeal. For more detail see our [Appeals Policy](#).
- 3.7** Following a result enquiry, if a student's mark increases, we'll refund the result enquiry application fee to the centre.

Section D – access to scripts

- 4.1** We'll allow centres and their students access to scripts (ATS). A script is defined as the written work of a student produced within an external assessment.
- 4.2** Scripts will only be released under the following conditions
 - i. scripts must be returned either directly to the student or to Exam Officers who are members of staff at the student's centre (or consortium)

- ii. students have the right to instruct centres not to request their script
- iii. prior written permission must be obtained from students if teaching staff intend to use scripts as examples for teaching and learning purposes. This permission can only be given after the student has received their results. Students also have the right to anonymise their script before use
- iv. requests for scripts should be received by us no later than two weeks after the closing date for results enquiries, and should be provided to the centre or student no later than eight weeks after the closing date
- v. scripts kept by teachers at the centre must be kept secure, and disposed of as confidential material when no longer needed. Disposal of scripts must not take place within three months of the issue of results or the result of an appeal
- vi. original scripts that have been subject to malpractice will be retained by us. In these circumstances, a photocopy can be requested. Original scripts that are the subject of any type of results enquiry can't be returned until the enquiry is complete
- vii. once a script has been despatched to a centre by us, a refund can't be requested.

- 4.3** We'll make available copies of students' marked scripts and the outcome of a results enquiry, upon request.

Section E – quality assurance, monitoring, and review

- 5.1** Records of all enquiries and their outcomes are maintained by us for at least five years.
- 5.2** Any failings discovered or lessons learned during the course of a result enquiry will be acted upon as part of continuous review of our qualifications and processes.

- 5.3** The policy and the procedures are subject to regular monitoring and review by us. We continually review our practices to maintain the highest possible standards of consistency and quality.
- 5.4** The policy and procedures are formally approved by our Regulatory Compliance Group.
- 5.5** The policy and procedures have been developed to comply with all relevant legislation and externally benchmarked.
- 5.6** We are subject to regulation by the qualifications regulatory authorities, Ofqual, Qualifications Wales and CCEA, as a recognised awarding organisation.
- 5.7** In the event that Ofqual, Qualifications Wales or CCEA advises us of failures that have been discovered in similar assessment processes being offered by other awarding organisations, we'll review our own assessment processes. If, as a result of this review, we find a potential failure, we'll take the same action as if a failure had been discovered by virtue of the application of Ofqual's, Qualifications Wales' or CCEA's complaints process.
