PT II: Part-Time II, 72 months

¹ Electives: Choose one module each from elective group A, B, and C. Every elective module can only be chosen once.

INTERNATIONAL
UNIVERSITY OF
APPLIED SCIENCES

You've already planned out exactly how your course schedule should look? Wonderful!
The IU International University of Applied Sciences offers you the flexibility to choose any module you like from any semester. You can work on a number of modules at the same time or one by one.

At the beginning, choose modules that particularly interest you or that you can use directly in your job. This motivates you and gives you success right from the start.

¹A module with two courses consists of an introduction and a consolidation. In order to successfully complete a module, you must successfully pass both the introduction and the consolidation of the module within the framework of a module examination.

We have compiled some possible specialisation tracks to give you some direction when choosing your modules.
