Math: Calculus	DLPATHMC01	Math: Calculus	Exam
Applied Academic English	DLPATHAAE01-01	Applied Academic English	Written Assessment: Written Assignment

INTERNATIONAL
UNIVERSITY OF
APPLIED SCIENCES

Here you see the order in which you can study your courses in presence depending on your personal study start in October or April.

Note: All mathematics and language related courses (as well as the project course) will be accompanied by guided learning hours on top of your regular class lecture hours. These mandatory sessions will offer you the chance to complete course work under the supervision of a tutor, who will be available to answer relevant questions.
