

Compact Tool-Check

The set offers 38 tools in an extremely space-saving box. The Tool-Check is made of premium plastic, guarantees neat arrangement, quick access to the required tools and secure transport - no risk of losing tools!

Safely stored

The green locking components of the Tool-Check secure the tool reliably during transport. At the same time, they are easy to operate and allow quick access to the tools.

The Zyklop Mini Ratchets

For all difficult-to-access applications.

The Zyklop Mini

The fine tooth mechanism, with its 60 teeth, allows a small return angle of only 6° - ideal for precision work.

Simple direction change

Simple switching between left/right operations.

Rapid screwdriving

High working speeds can be attained with the Zyklop Mini bit ratchet. The thumb wheel is important, enabling more rapid screwdriving, and the lever of the Zyklop Mini only needs to be used for the final tightening of the screw.

Slim design

Its slim design makes it ideal for all particularly confined working situations.

Take it easy tool finder system

Take it easy tool finder system - with profile and size colour-coding for quick and easy tool selection. Colour-coded system for hexagon drive screws (L-Keys, Zyklop bit sockets), external hex drive screws and nuts (Joker wrenches, Zyklop sockets and Zyklop bit sockets with holding function), and TORX® drive screws (L-Keys, Zyklop bit sockets).
