Ergotron manages iPad devices for any facility or workflow

- Charge, sync and secure up to 48 iPad devices at once from one location
- Multiple cabinetry options:
  Mobile cart for up to 32 or 48 iPad devices
  Stationary desktop unit for up to 16 iPad devices
  Wall mount station for up to 10 iPad devices
- Charge all devices simultaneously with one power cord to the wall socket
- Switch from charge to sync mode by connecting a Macintosh™ computer or PC
- Optional individual charge status indicators
- Designed for use with Apple® Configurator and iTunes®
- Small footprint keeps valuable space available
- Ventilated, enclosed storage keeps tablets safe and secure
- Durable, easy-to-clean exterior composed of high-grade fire-retardant ABS Secure Storage
- Steel tube and aluminum extrusion framework with durable locking steel doors

Certified for Safety

Ergotron not only uses UL-certified components, but goes a step further to have UL certify the entire system to guarantee safe use within the classroom, healthcare or enterprise setting. Tested and certified to UL standards, FCC requirements and all applicable country-specific regulations.

Carts are up to **40% smaller and lighter** than competitive offerings
