

Flat Panel Display Cart™ V2

Display station

The Flat Panel Monitor Cart is the most convenient way to provide big screen video to your audience.

Capability

Spectrum offers combinations for every classroom solution

Big Screen Video

Show Time

- Standard with the most convenient of Spectrum accessories
- Available in 36" or 42" heights for optimal viewing level
- Optional flip-up shelf offers additional workspace, a good place for the mobile computer during presentations
- Rack for AV equipment and optional monitor stand for up to 50" screens create a high-tech, active learning environment

Smart Design

- Mobility in a cart is essential. An ergonomic handle and 5" smooth-riding balloon wheels are available
- Our optional 15-amp retractable cord reel makes power readily available
- If video streaming is needed, an optional camera shelf helps to capture video

Simply Functional

- Opens up easily and locks up tight when not in use
- Accommodates optional camera shelf for real time collaboration
- Includes options for any multimedia environment
- Optional flip-up shelf is a great place for any mobile device while running the show

Robust Construction

- Powder coated steel construction
- Built to withstand even the busiest public areas
- We combined the robust steel frame with an attractive laminated surface and you have a stylish and effective AV cart

Product ships mostly assembled
