# NEW InVision Active Learning Pod System™

## Prepare your students for their future

What better way is there to prepare your students to communicate in the high-tech workforce of the future?

Ensure **100%** involvement/engagement regardless of needs

## Progressive Classrooms

### Modular

- Table moves easily with your choice of caster, glides, or both
- Easily configurable to meet active learning requirements
- Individual table shapes encourage creative large or small group arrangements
- Break out as teams then slide back together for group interaction

### Technology Hub

- The technology hub holds most equipment necessary for collaboration environments
- The worksurface can be cut to fit power or communication controllers from Extron, Crestron, Altinex or any customer specified electronics
- Locking doors prevent tampering
- Two internal shelves help keep stored electronics organized

### Super Functional

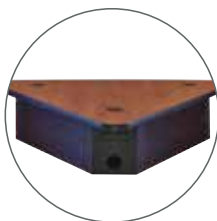

- Features unique table designs that allow you to create the learning environment you need
- Generous knee space, each table has an ADA compliant position
- The optional pedestal riser makes it easy to utilize technology

### Equipment Management

- Unique riser system, only from Spectrum
- Pedestal riser comes with three grommets for convenient cable management
- Removable panels in the pedestal riser allow for future technology change

# NEW InVision Access Table™

## Make learning an active experience

The InVision Access Table connects collaborative teams with the latest technologies.

100%  
Student  
access to  
technology

## Access Success

### ADA Compliant

- Two or more wheelchair accessible positions at every table
- Technology engagement for every individual
- Collaborative environment prepares all students for personal independence

### Connects You to the Technology

- Customizable center panel maintains your choice of technology
- Creates a collaborative environment that readily turns individual ideas into team-based solutions
- Optional "bench integratable" rack cabinet has 8 RU's and houses your technology

### Functional

- Optional display stand provides ergonomic viewing
- Add worksurface components to form a perfect active learning environment
- Leg choices available in Fixed-height, Set-and-Go or eLift

### Easy Equipment Management

- Ventilated, locking access panels with double-bolt, keyed locks provide security, easy access, and cooling to internal equipment
- Rack cabinet with locking doors in front and rear of cabinet for easy access
- Blank worksurface or custom center console panel with cutouts to accommodate your favorite worksurface-mount electronics

# InVision Collaboration Table™

## Guarantee their tomorrow with today's approach to learning

Whether used in a classroom, library, or telepresence conference room.

## A Springboard for engaging tomorrow's leaders

## Line-of-Sight

### Choices

- The InSight version is the only easy lift mechanism that manages one or two monitors, keyboard and mouse and securely locks them below the worksurface
- Utilize just a table, add a monitor stand, or choose the InSight version that stores the monitor, keyboard, and mouse

### The Technology Connection

- Spectrum will make custom cutouts based on your needs (two cut-outs included in price)
- Creates a collaborative environment that readily turns individual ideas into team-based solutions
- The optional equipment rack allows you to use the latest sophisticated media sharing electronics

### Super Functional

- Features three unique table designs to optimize your collaborative environment
- Easily store your monitor, keyboard, and mouse when not in use
- A wheelchair accessible position is provided at every InSight table

### Equipment Management

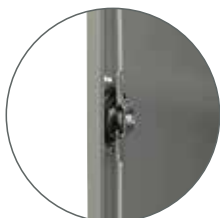

- Ventilated, locking access panels provide security, easy access, and cooling to internal equipment
- Optional integrated equipment rack adds a 7 RU equipment rack
- Access to equipment in the rack is made easy through double-bolt locking doors on both sides

## ADJUSTABLE HEIGHT LECTERN

# NEW Freedom One Sit-to-Stand Lectern™

## Is there one perfect height for a lectern?

For a classroom used by many instructors, a variety of heights is required to meet ergonomic needs, and ADA compliance is a must.

The truth is, there is one lectern that delivers the ergonomic setting you need

## Healthy Choices

### Adaptable

- Adjustable-height workstation easily adjusts between seated or standing-use heights
- ADA-compliant workstation
- Both lectern and equipment rack are available as a stand alone unit
- Assemble with the lectern on the left or right side of the equipment rack

### Sit to Stand Benefits

- Tall or short, sitting or standing, fit all instructors with just one lectern
- Sit-to-stand activity promotes blood circulation; potentially more oxygen gets to the brain
- To stand, you have to tense your leg muscles, and engage the muscles of your back and shoulders
- You burn 60 more calories an hour when standing versus sitting

### Simply Functional

- Use the lectern as a stand-alone workstation
- Connect the lectern to the equipment rack and deploy a fully integrated lectern
- Balanced lift mechanism can be easy to use, even one handed
- Smart design with very few moving parts keeps things simple

### Easy Equipment Management

- Equipment rack with audience-side and optional instructor-side locking doors simplifies integration and helps protect your valuable equipment
- Equipment rack features front and rear rack rail to manage all of your multimedia equipment
- Ventilation provides "chimney effect" airflow keeping equipment cool

Integration/Presentation Products

## Shape and style are very exclusive

Compact lectern with so many integration possibilities, the LINK Lectern adds a unique charm to the classroom.

## The Link

Between instructor and technology

## Charming and Effective

### Integration Friendly

- Audience side and instructor side locking doors simplifies integration
- Front and optional rear rack rail will manage all of your multimedia equipment
- Accommodates optional Overbridge Control Console™ (OCC)

### Quality Design

- Front and rear door with double-bolt lock provides security and prevents tampering
- Both the front and rear doors have a 3/4" space at the bottom to exit cables when using the optional cord reel kit
- Instructor door has a smoked acrylic panel allowing use of remote control

### Simply Functional

- Opens up easily and locks up tight when not in use
- Accommodates optional Overbridge Control Console™ (OCC)
- Comes with casters or toe-kick base
- Adjustable keyboard tray provides ergonomic comfort

### Bench-Mark Construction

- Cabinet frame and doors are all steel construction protected by a powder coat finish
- Stylish, smooth corners provide a stylish feel and protect the cart and students
- Ventilation provides "chimney effect" airflow keeping equipment cool
- Hi-capacity heavy duty casters or twin wheels allow you to position the LINK wherever you need it most

- Accommodates optional Overbridge Control Console™ (OCC)

### Creative Design

- Can be used in a seated or standing position
- An integrators dream with full access to both sides of the lectern
- Unique worksurface and angled frame create a welcoming environment

### Simply Functional

- Order with preinstalled options
- Includes options for any multimedia environment
- Optional side table provides additional presentation space
- Side table can be mounted to the left or the right side of the lectern
- Side table is ADA compliant

### Robust Construction

- Ventilation provides "chimney effect" airflow keeping equipment cool
- Durable powder coated steel chassis
- 5" locking balloon wheels roll easily and quietly on uneven surfaces
- Standard locking audience-side door

# Masters Interactive Lectern™

## Feature rich and stylish

With a standard locking pull-out drawer, professional storage design and back panels to ease integration, the Masters is capable of much more than custom lecterns.

Why pay the price of a custom lectern when the Masters can deliver so much more?

## Classy Choice

### Smart Integration

- Rack space, access front and rear, viewing panels, and grommets make this the master of mid-sized lecterns
- Pull-out locking drawer with full-extension ball bearing drawer slides provides security and quick document camera access
- Accommodates optional Overbridge Control Console™

### Creative Design

- AV integrators will appreciate this lecterns intelligent design
- A custom-made wooden expression for any setting
- Stylish design features solid wood accents and steel skirt
- Blank worksurface and overbridge versions allow custom cutouts

### Functional

- Opens up easily and locks up tight when not in use
- Includes options for any multimedia environment
- Standard brackets allow the front and rear rack rails to be moved further inside the unit to accommodate larger knobs and plugs

### Robust Construction

- Ventilation provides "chimney effect" airflow keeping equipment cool
- Architects and designers love the robust steel construction with a pleasing, wood appearance
- Double-bolt, keyed locking front doors provide security and easy-access

# Bantam Half Rack Lectern™

## AV innovation

As the industry's first lectern designed for half rack technology, it has awesome potential for AV technology inside a very small and mobile footprint.

Space saver,  
easy to integrate,  
and delivers  
tremendous  
performance

## Super Bantamweight

### Ultimate Versatility

- Bantam Half Rack Lectern reaches a new level of space-saving technology support
- The industry's first lectern designed for half rack technology
- Integrate with half rack equipment or add a computer and shelves

### Smart Design

- AV integrators will appreciate front and back access to AV equipment
- This lectern truly doubles as a traditional podium
- Stylish look with exceptional mobility
- Tilted worksurface and pencil edge enhance the unique, yet traditional look and feel of the Bantam

### Functional

- The Bantam will be waiting ring side when you are ready to utilize the space-saving half rack technology
- Ready to take center stage for any lecture or presentation then tuck away when not in use

### Robust Construction

- Ventilation provides "chimney effect" airflow keeping equipment cool
- Architects and designers will love the design and robust steel construction
- Four 3" casters (two instructor side locking) roll easily and quietly on uneven surfaces

Product ships mostly assembled

# Compact Presentation Lectern™

## Compact class

Designed for our education customers that need mobility, a small footprint, and the flexibility that comes with rack rail compatible equipment.

## Out of sight

Space is valuable, maximize your class "room" with the CPL

## Small but Powerful

### Compact Qualities

- Half the size of one standard student desk and small enough to be stored in a broom closet
- Small footprint combined with mobility make the CPL a great addition to your collaborative learning program
- Store and charge computing devices for students, or secure valuables with rack-mounted shelves

### Smart Design

- AV integrator will appreciate front and back access to AV equipment
- Stylish look with exceptional mobility
- The unassuming design of the CPL allows it to be utilized wherever multimedia equipment is required

### Functional

- Use any rack-mounted resource for whatever task you need the CPL to perform – wherever you need it to be
- Provide rack equipment, an internal computer, or both wherever it is needed

### Robust Construction

- Ventilation provides "chimney effect" airflow keeping equipment cool
- Front and rear door with double-bolt lock provides easy access to instructor and audience side of cart
- Four 5" balloon wheels (two instructor side locking) roll easily and quietly on uneven surfaces

# Evolution Teacher Instruction Center™

## Clever desk

Supply a generous capacity for technology to a beautiful teachers desk – this is what the Evolution Teacher Instruction Center has to offer.

Everything you need to inspire students in one convenient, comfortable desk

## Not Traditional

### Familiar Qualities

- Appearing to be a teachers desk, the Teacher Instruction Center is really a classroom control station
- A teachers desk look with a professional rack rail system underneath the worksurface
- Beautiful teachers desks with a generous capacity for technology

### Smart Design

- Solid oak chair rail protects wires and the audience side of the unit
- Removable audience-side panel provides security and access to equipment
- Optional locking front door kit (38944) provides security (not compatible with optional keyboard tray)

### Functional

- Lockable 5" balloon wheels or 4" casters make the unit extremely mobile for easy transport between classrooms
- Flip-top worksurface door for easy cable and wire access
- Removable audience-side security panel provides access to equipment

### Robust Construction

- User-friendly, bullnose front edge on worksurface
- Includes one set of rack rail (12 RU)
- Cord channel conveniently keeps computer wires and cables out of the way and is wide enough for most power strips

# Instructor's Media Console™

## Command center

A wide array of rack rail options can be used to complement any audio visual arrangement with the IMC. Even special ergonomic needs are addressed with standard 29" and 36" worksurface heights.

## Flexibility

Spectrum offers combinations for every classroom solution

## Simple Solution

### Choices

- Even special ergonomic needs are addressed with standard 29" and 36" worksurface heights
- Define your classroom needs and then configure your furniture to support those needs
- Open areas under worksurfaces are a handy location for keyboard trays and pencil drawers (see page 93)

### Smart Design

- 4 worksurfaces and an equipment rack make up the base IMC components
- Components are designed to let the customer choose a common layout or create their own console
- Equipment rack powers the IMC configuration, but can stand alone when a single worksurface is added

### Functional

- Modular design allows you to construct the ideal console that best fits your needs and environment
- Value is built into the IMC through numerous choices of worksurface, components, height combinations, and technology integration
- Consoles ship with all necessary hardware and field-tested, easy to follow assembly instructions

### Robust Construction

- Powder coated steel construction
- Built to withstand even the busiest public areas
- We combined the robust steel frame with an attractive laminated surface and you have a stylish and effective media console

# Flat Panel Display Cart™ V2

## Display station

The Flat Panel Monitor Cart is the most convenient way to provide big screen video to your audience.

## Capability

Spectrum offers combinations for every classroom solution

## Big Screen Video

### Show Time

- Standard with the most convenient of Spectrum accessories
- Available in 36" or 42" heights for optimal viewing level
- Optional flip-up shelf offers additional workspace, a good place for the mobile computer during presentations
- Rack for AV equipment and optional monitor stand for up to 50" screens create a high-tech, active learning environment

### Smart Design

- Mobility in a cart is essential. An ergonomic handle and 5" smooth-riding balloon wheels are available
- Our optional 15-amp retractable cord reel makes power readily available
- If video streaming is needed, an optional camera shelf helps to capture video

### Simply Functional

- Opens up easily and locks up tight when not in use
- Accommodates optional camera shelf for real time collaboration
- Includes options for any multimedia environment
- Optional flip-up shelf is a great place for any mobile device while running the show

### Robust Construction

- Powder coated steel construction
- Built to withstand even the busiest public areas
- We combined the robust steel frame with an attractive laminated surface and you have a stylish and effective AV cart

Product ships mostly assembled

# Dynamic Display Cart™

## Dynamic video

Flat panel display carts easily convert any space into a media rich environment.

## High value

An affordable high quality solution that is both easy to assemble and easy to use

## Mobile Sharing

### Media Environment

- Standard with the most convenient accessories
- Easily adjustable from 4 to 6 feet for optimal viewing level
- Optional camera shelf provides video conferencing capabilities
- Make the stand work for you by adding options like the accessory shelf for AV equipment and the rotation adapter to easily rotate your display from landscape to portrait orientation

### Useful Design

- Mobility in a cart is essential, and the four 4" casters (2 locking) roll easily and quietly on uneven surfaces and provide effortless positioning
- Includes universal interface bracket for easy display attachment
- Display can be installed in portrait or landscape orientations

### Simply Functional

- Lightweight collapsible design readily breaks down for storage or longer distance transporting
- Easy to set up
- Screen tilts 15 degrees up and down using only your fingertips
- Smooth rolling casters with an angled base design allow corner positioning for flexible room placement

### Robust Construction

- Light-weight tubular aluminum column and base
- Built to withstand even the busiest public areas
- Display mount components consist of 12-gauge steel that create a surprisingly stylish and affordable AV cart

NEW Cloud 32™ Chromebook Cart

# A cart designed specifically for Chromebooks

Spectrum worked with educators to create a comprehensive solution for today's digitally interactive schools.

Already protecting over **250,000** Chromebooks

## Chromebook Solution

Store

Secure

Transport

Charge

### Convenience

- Manage up to 32 chromebooks in one cart
- Accommodates most chromebook devices on the market
- Superior overhead cord management places plugs directly above devices
- For larger chromebooks see our vLT32 Chromebook Cart on page 50

### Prevent Damage

- The padded bays cradle and protect the device by reducing vibration
- Effective ventilation; unique power adapter posts allow separation for heat to dissipate and exit cart
- Optional cycle timer prevents circuit overload and prolongs battery life

### Safe and Easy Device Sharing

- Travels smoothly between rooms on easy-rolling 5" balloon wheels
- Glides between desks and pivots in place with compact agility
- Removes cord clutter and separates students from line voltage

### Prevent Theft

- Effective double-bolt lock
- Cabinet is all steel construction
- Steel door resists unwanted entry with double-bolt keyed lock

## MULTIPLE TECHNOLOGY CART

# eVolve Multi-Tech Cart™

## The eVolve cart will adapt for you

Neatly organize different mobile devices in one cart, and ensure each device is charged and ready when your students need to use them.

## Use multiple devices?

Set up to support laptops, tablets, smart phones, or netbooks

## Modular Solution

Variety

Store

Charge

Secure

### Universal

- Aligns well with the bring your own device (BYOD) philosophy
- Match best device for chosen curriculum
- Store different devices in the same cart

### Device friendly

- Organization of all different devices in one cart
- Ensure the ability to use your choice of technology in the future
- Two storage shelves support up to 16 full-size laptop computers, 32 tablets or chromebooks

### Safety first

- Front and rear door with double-bolt lock provides easy access
- Line voltage access is located in back, separated from the laptop access (low voltage)
- Electrical system consists of UL Listed components

### Robust design

- Ventilated chassis provide "chimney effect" airflow keeping equipment cool
- All doors have double-bolt locks to secure equipment and electrical connections
- 5" directional balloon wheels roll easily and quietly on uneven surfaces while making it easier to steer

# Impression 30 Imaging Cart™

## Save valuable time by imaging

Neatly organize enough laptops for a full classroom in one cart. Then ensure each device is imaged, charged and ready for when your students need to use them.

**New data?**  
No problem. Just place the laptops in the Impression 30 cart and begin the imaging process

## Imaging Solution

Efficient

Store

Charge

Secure

### Time saving

- Manages up to 30 laptop computers
- Network and ethernet cords provide data to each laptop
- Cords are conveniently located over each bay
- Doors on student side have wrap-around 270° hinges to allow faster loading
- Rear doors feature acrylic windows for viewing ethernet switch status lights and cycle timer

### Intelligent design

- Pull-down cord management system keeps charge and ethernet cords organized
- Our smart cycle timer charges 15 laptops at a time
- Front and rear door with double-bolt lock provides easy access to instructor and audience side of cart
- Space is available on the laptop power adapters shelves or side panel to mount a wireless access point

### Safety first

- Separate locked compartment removes cord clutter and separates students from line voltage
- Cycle timer limits current draw by automatically switching between two power strips
- Electrical system consists of UL Listed components

### Robust design

- Ventilated chassis provide "chimney effect" airflow keeping equipment cool
- All doors have double-bolt locks to secure equipment and electrical connections
- Charging and imaging lights can be monitored through the acrylic windows
- Two cooling fans assist the cooling by dispersing heat generated during imaging and charging

Charge

Secure

Mobility

#### Unique solution

- Carts that manage 15, 24, or 30 laptop computers
- Laptops lay flat on horizontal slide-out trays
- Laptops, adapters, and cords are conveniently located on each tray
- Laptop trays pull out from both sides for easy access to laptops or power adapters

#### Intelligent design

- Located by each tray is a dedicated power outlet for easy access
- Standard ergonomic handle made of recycled plastic provides control and mobility
- Carts utilize power strips with lighted on/off switch

#### Safety first

- Student and instructor side doors with double-bolt lock provide easy access
- The laptops sit flat and can easily be moved and held with both hands
- Electrical system consists of UL Listed components and the cycle timer protects your valuable investment

#### Robust design

- Ventilated chassis provides "chimney effect" airflow keeping equipment cool
- All doors have double-bolt locks to secure equipment and discourage tampering
- Steel frame, 5" easy rolling balloon wheels, and steel doors ensure this cart will support your laptop program for many years

# NEW InTouch16™ Tablet/Chromebook/Laptop Cabinet

## Manage any device

Keep your iPad®, tablets, Chromebooks, or laptops charged and secure in one location.

Be in touch with the **digital transition** going on in your classrooms

## 1:1 Program

- Secure
- Store
- Charge
- Variety

### Robust design

- All steel construction
- Designed to be extra secure with a double-bolt lock within a metal frame
- When these cabinets are stacked, bolted together and to the floor, you have vault-like storage that will double or triple storage capacity
- Front door has a double-bolt lock to secure equipment and discourage tampering

### Device friendly

- Reduces potential damage by cradling each device in its own padded bay
- Bay dividers are easily adjusted to accommodate larger laptops
- Integration friendly, pull out power adapter storage drawer

### Safety first

- DC separated from AC voltage
- UL Listed power strips
- Two 10-outlet power strips with 3600 joule surge suppressor are included
- Ventilated locker provides "chimney effect" airflow keeping equipment cool

### Universal

- Fits most devices on the market today
- Double or triple your storage without increasing the footprint by stacking the cabinets
- Customer's choice; you can mount the door on left or right side of cabinet

# Evolution Liberty ADA Desk™

## Dual purpose

The Liberty line not only meets ADA requirements with its spacious leg room and worksurface, it offers flexibility for sit-to-stand desk enthusiasts.

Whisper  
quiet  
electric or  
hand crank  
adjustment  
versions

## Healthy Choices

### Friendly design

- 30" depth for optimal writing surface
- Desk raises and lowers to accommodate wheelchair and non-wheelchair users alike
- Cord channel conveniently keeps computer wires and cables out of the way and is wide enough to accept most power strips

### Study time

- Desk choices allow you to build your classroom for children and adults alike
- Ample worksurface allows for computer research, textbook study, or both
- 60" desk is available and allows a standard computer sling to be mounted under the worksurface

### Health & safety

- Choose your model:  
Better - mechanical, on the fly  
Best - electric, push button
- Full bullnose edge takes away sharp edges from the arms and wrists for a comfortable setting
- Handle retracts under worksurface when not in use (crank version)

### Robust construction

- Cord channel conveniently keeps computer wires and cables out of the way and is wide enough to accept most power strips
- Full-length flip-top door for easy cable and wire access
- Worksurface includes a support brace to minimize flexing
- Steel modesty panel adds strength and stability

## TRAINING TABLE

# Flex Training Table™

## Training environments

As classrooms and training environments become more collaborative, the ability to readily change furniture configurations opens up more avenues for learning

**Flexibility**  
is combined  
with Spectrum  
proven quality  
construction

Note: tables shown above include customer requested cut outs for power modules

## Modular Table System

### Familiar design

- Reconfigurable from a traditional training room to an active learning room anytime
- 24" or 30" depths for optimal writing and mobile device use
- Various shapes and lengths allow you to create layouts that fit the room or fit the need
- Individual or team arrangements provide the ultimate in collaborative training rooms

### Creative spaces

- Training/conference rooms
- Classrooms
- Computer labs
- Mail rooms
- Layout possibilities are endless

### Finishing touches

- Unit-to-unit brackets included to attach tables together if necessary
- Leveling glides keep desk level on uneven surfaces
- Optional cord channel manages cables and wires when mobile devices are used
- Optional modesty panel adds support

### Robust construction

- Durable powder coated steel legs with steel on steel connections support reconfiguration of tables
- Scratch and impact-resistant high-pressure laminate worksurface keep the tables looking new
- Worksurface brace incorporated into all tables for support and to minimize flexing

ALL PURPOSE TABLE

# Flex Flip Table™

## Extremely easy

Quickly setting up and removing a training environment can be a chore. The Spectrum Flex Flip Tables are light weight, mobile, and simplify the process.

Collaboration efforts are made simple and flip-up design will open up valuable space

## Flip-top Solution

### Design with a twist

- Wheel in a complete computer lab in minutes
- Tables are extremely easy to work with
- Height-adjustable legs bring ergonomic conditions for end-users
- Use in a wide variety of settings such as training rooms, conference rooms, classrooms, and computer labs

### Flexible

- Desk adjustments allow you to build your classroom for children or adults
- Ample worksurface allows for mobile devices, textbook study, or both
- Collaboration efforts are made simple with casters providing quick reconfiguring
- Height-adjustable legs allow tables to be configured to a wide variety of users and situations

### Smart design

- When the top is flipped the tables nest together nicely
- Nested tables take up a third of the space as normal tables
- These highly mobile tables are easy to move making them great for grades K-12
- A clean adjustable height worksurface and casters make the Flex Flip Table great for mobile technology use and active learning environments

### Robust construction

- Steel tubular legs add strength and contemporary looks
- Worksurface brace incorporated into every table to minimize flexing
- Warranted to be free of all defects in materials and workmanship with a 10-year warranty

99043B **Black**

99043S **Silver**

### ELECTRI-PAK - 8 KITS

Extremely versatile, Spectrum Electri-Pak - 8 (EP8) System Desk Kits are easy to put together.

- Shielded, isolated ground circuits
- Three outlets per Power Module
- Protection against electromagnetic interference
- Circuit requirements tailored to your needs
- To prevent overloads, Electri-Pak - 8 System Desk Kit brings three separate 15-amp circuits to each workstation in a modular wiring system
- To provide receptacle security and Simplex Circuit block flexibility, each Wall Attachment Unit (Base Power Feed) comes with a 3-plug block and plug removal tool

99013 **EP8 Kit for 24" Desk**

99014 **EP8 Kit for 30" Desk**

99008 **EP8 Kit for 36" Desk**

99009 **EP8 Kit for 44" Desk**

99018 **EP8 Kit for 48" Desk**

99010 **EP8 Kit for 60" Desk**

99011 **EP8 Kit for 72" Desk**

99022 **Base Power Feed** (36" long)

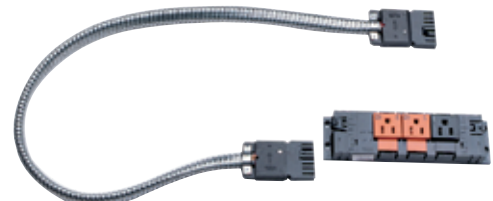

99016 **In-Line Surge Suppressor** (29" long)

99017 **Starter Surge Suppressor** (10' pigtail cable)

## Plan Your Electrical System in 4 Easy Steps

1. Determine how many amps you need by checking the amp and voltage ratings on the computers, monitors, printers, and other equipment in each row of desks
2. Add the amp ratings for all the devices in the row and divide the total by 15. Round up the number to determine the number of circuits you need for each row. Typically, five computers and five monitors require one 15-amp circuit.
3. Match desk lengths to the EP8 Kits part number descriptions.
4. Contact Spectrum for technical assistance on a room layout and to request a quote.

# Accessories ELECTRICAL OPTIONS (continued)

Knock down (KD)  
Assembly required

## STANDARD POWER STRIPS

Available in Bulk Pack for extra cost savings

**99024 7-Outlet AC Power Strip** includes 12' power cord, illuminated on/off switch, integrated 15-amp circuit breaker, 1,000 joules surge protector with \$25,000 equipment repair/replace manufacturer guarantee in case of surge damage (UL Listed)

## MONITOR ARMS AND BASES

### Float Monitors to Prevent Strained Vision

- Put your monitor where you can see it best
- Maintain eye contact with your audience

#### TABLET ARM

**95530 iPad® Holder** (holder only, no pole or arm)

#### DUAL MONITOR ARM

Extends 24" horizontally, 18" vertically (Black only)

**95533B Dual Monitor Arm** holds up to two 13 lb monitors (accommodates monitors up to 24")

#### FLAT PANEL MONITOR ARM

Extends 24" horizontally, 16" vertically (Black only)

**95509 FPM Arm – Heavy Monitor** holds 12-31 lb monitors

**95522B FPM Arm – Medium Monitor** holds 7.5-25 lb monitors

**95512 FPM Arm – Light Monitor** holds up to 2-13 lb monitors

#### BUSBY RETROFIT KIT

Add USB power and data to your FPM arm (Black only)

**95534B Busby Retrofit Kit** for FPM arm includes four convenient USB ports

#### BASE EXTENSION

Provides a 6" boost to your LCD arm (Black only)

**95535B 6" Extender Tube** fits between the mount and arm to add height

## STORAGE OPTIONS

# Get Organized with Convenient Options

- Use space efficiently
- Keep needed equipment conveniently on hand

### 3" PENCIL DRAWER

Mounts easily under most worksurfaces, slides smoothly on easy-glide channels. (19"W x 12<sup>5</sup>/<sub>8</sub>"D x 3<sup>7</sup>/<sub>8</sub>"H)

97500D Dark Gray

97500B Black

### UNIVERSAL LAPTOP DRAWER

**95510B Universal Laptop Drawer, Black**, safely secures, stores, and charges your laptop (16<sup>1</sup>/<sub>2</sub>"W x 12<sup>5</sup>/<sub>8</sub>"D x 3<sup>7</sup>/<sub>8</sub>"H), includes:

- Hardware for easy-mounting under most worksurfaces
- Single-duplex outlet and 6' cord
- Security lock and key

### REPLACEMENT KEY SET

**55142 Replacement Key Set** includes two metal CH751 keys that work on all Spectrum double-bolt locks

### ADJUSTABLE CPU SLING

Spectrum recommends the sling be used with desks that are 44" or wider to give students sufficient leg room. (8"-10"W x 17<sup>1</sup>/<sub>2</sub>"D x 21"-23"H)

95500 D Dark Gray

95500 B Black (shown)

95500 P Putty

### SMALL ADJUSTABLE CPU SLING

Some computer's are smaller and occupy less space. Heavy-duty 3/4" nylon straps are adjustable to fit most computer sizes. (5" to 8<sup>1</sup>/<sub>2</sub>"W x 18"D x 18"H)

95513 D Dark Gray

95513 B Black (shown)

95513 P Putty

### ECONO KEYBOARD TRAY AND MOUSE PAD TRAY

As the name suggests, the **Econo Keyboard Tray** is a low cost, high value set which includes an articulating arm, keyboard clamp, and a palm rest. The perfect keyboard for every individual.

**95520 Econo Keyboard Tray**

Mouse trays are rigid and durable, featuring an 8" x 8" integral friction surface for smooth, continuous mouse operation. Tilt adjustment capability offers the user a wide range of comfortable positions.

**95519 Mouse Pad Tray** (fits 95520 Keyboard Tray only)

## DESKTOP OPTIONS

# Make Any Desk or Cart a Presentation Lectern

# Adjustable or Nesting Chairs

Two perfect seating solutions for collaborative environments

Comfortable, elegant chairs for conference rooms, classrooms, training rooms, and private offices.

12-Year limited warranty  
cooling mesh back

## KEY ADVANTAGES

### Superior comfort

- Enjoy all-day comfort with a breathable open-mesh backrest that keeps the air flowing
- Rest easy on spacious, cushioned, contoured seats
- Sculpted backrest provides advanced ergonomics
- Contoured lumbar area for natural lumbar support

### Flexible and versatile

- Match any décor with fabric and color choices
- Maintain comfort and style in rooms with high capacity seating
- Enhanced durability protected by a 12-year limited warranty
- Easy-rolling casters roll smoothly on hard surfaces and carpets alike

## KEY FEATURES

### Executive Mesh Back Adjustable Chair

- Multiple position lock feature personalizes preferred recline, seat, and backrest angles
- EZ back-height adjustment makes individualizing comfort and support simple
- Sliding seat depth control and pneumatic lift lets users quickly adjust height
- Swivels 360 degrees for ergonomic comfort
- Allows easy stretching with tilting of backrest and seat

### Executive Mesh Back Nesting Chair

- Adds seating efficiently while complementing environments using the Executive Mesh Back Adjustable Chair
- Compact footprint saves space
- Fold-up seats allow condensed storage
- Nests easily when not in use
- Contoured armrests provide added comfort

Blue Gray Burgundy Black

All of the fabrics in the Sherpa Collection are Greenguard Indoor Air Quality Certified

# OM5<sup>®</sup> Self-adjusting Chair

## Self-adjusting

Incredibly innovative and ergonomic chairs that automatically respond to a person's weight and size for maximum comfort.

## Simple

No more having to remember which button or lever does what

### KEY ADVANTAGES

#### Variable back resistance

- Depending on the user's body position, rollers in the seat and back respond with more or less resistance to recline, promoting healthy motion and lower back support
- The seat angle remains constant while the back is allowed to open further providing better circulation
- Optimal support without the need for frequent manual adjustment

#### Comfort anywhere

- The calibrated geometry that balances your body's motion with the chair's recline and allows for infinite dwell along the travel path
- Enhanced durability protected by a 12-year limited warranty
- Easy-rolling casters roll smoothly on hard surfaces and carpets alike

### KEY FEATURES

#### PolyFlex back

- Tailored slat lengths, spacing, and attenuation in the back membranes work in concert to provide firm or soft support, where and as needed
- Automatic seat and back adjustments and pneumatic lift helps users stay comfortable for longer periods of time
- Swivels 360 degrees for ergonomic comfort

#### Aesthetic flair

- Swing arm provides the chair's unique aesthetic flair while serving the critical purpose of bringing the seat and back into synchronized harmony
- Front edge waterfall flex created with a variable flex technology that adjusts to each user's thigh length and range of motion needs, the waterfall edge adjusts seat depth

## Beauty and brawn

Handsome, European-inspired styling and sophisticated contour designs delivers seating meant to last through any occasion, whether it's a high-level meeting or just another day at the office.

**High quality**  
For the right price

### KEY ADVANTAGES

#### Valuable back support

- Features like adjustable height lumbar support, tilt-lock at the upright position, and a self-weighting control mechanism that eliminates the need for inconvenient tension adjustment knobs provide support for as long as you need it
- Optimal support without the need for frequent manual adjustment

#### Comfort anywhere

- The calibrated geometry that balances your body's motion with the chair's recline and allows for infinite adjustment along the travel path
- Enhanced durability protected by a 12-year limited warranty
- Easy-rolling casters roll smoothly on hard surfaces and carpets alike

### KEY FEATURES

#### Full support

- Tailored leather seat and back work in concert to provide firm or soft support, where needed
- Featuring supple top-grain leather on all contact surfaces and clean lines from every angle
- Swivels 360 degrees for ergonomic comfort

#### International flair

- Handsome, European-inspired styling means that the CE Series features the simple look of polished aluminum loop arms and a comfortable pillow top backrest and seat

# High-performance Chairs and Stools

## Flexible settings

If you need to compliment the decor of an executive suite or work long hours in the simplest of workplaces, an adjustable height task chair is the right fit for you.

**Hard-working solution**  
for sit-to-stand  
worksurfaces  
and lecterns

### Trusted Task Chair

#### Reliable

- This adjustable chair series is both reliable and comfortable
- Flexible settings make for an excellent back support chair at a remarkable value
- Users will experience lasting comfort in computer-intensive workstations, which translates into increased productivity

#### Advantage

- Pneumatic height adjustment
- Pivot backrest
- Back height adjustment
- Back depth adjustment
- 5-Star base
- 360° swivel
- 7-Year limited warranty

### Valued Instructor Stool

#### Teaching tool

- Since adjustable height stools are higher than ordinary task chairs, they are much easier to use during instruction
- These stools have the great back and seat support found in executive office chairs with a foot ring for added comfort

#### Advantage

- 10" pneumatic cylinder height adjustment
- 18" diameter flat foot ring at 11" optimal fixed height
- Back height adjustment
- Easy-to-use ratchet back
- Tilting backrest
- Sliding seat
- 5-Star base
- 360° swivel
- 7-Year limited warranty

## STACKING CHAIRS

# Stack 1.0, Stack 2.0, and Stack 3.0 Series

## Perfect fit

Set up a classroom in minutes. Comfortable, durable, lightweight, and attractive; you'll find these attributes and much more in this high-quality stacking chair series.

Advanced functionality is the cornerstone of the Stack series

Stack 1.0

- Stack 1.0 Series Chair can adapt to your needs and not sacrifice comfort and style
- The ergonomic perforated back allows for enhanced circulation and air flow, while the radius conforms to your back and offers a slight flexing motion

Stack 2.0

- Stack 2.0 Series Chairs allow you to set up a classroom in minutes
- Comfortable, durable, lightweight and attractive; you'll find these attributes and much more in this high-quality stacking chair series
- Need a classroom? No problem. Simply add the tablet arm.
- Need a side chair? No problem. Simply add the arm-set

Stack 3.0

- Advanced functionality is the cornerstone of the Stack 3.0 Series, providing features and flexibility beyond your typical stacking chair system
- Chair dollies, arm sets, book baskets, upholstered seats, and two different tablet arm options provide unprecedented flexibility

Stack series features

- Stacking chairs allow you to set up a classroom, break out into small groups, then move back to large group in minutes
- Space-saving, durable, lightweight and attractive; you will appreciate these features every time you set them out for the next class or conference

PROFESSIONAL GRADE

# Installation Services

## So much more!

"We offer much more than furniture delivery and installation. Often, we are a key part of product development due to our years of experience."

Matt Hutton - Installation/Technical Services Manager

## Hero?

Make staff and students happy by installing innovative furniture

## Turnkey solutions

### Installation benefits

- Timely shipping to your facility from the factory floor
- Careful loading and unloading of your product
- Highly trained installation crews
- All product will be placed precisely where requested
- Minimize your headaches and hassles
- The installation crew will remove and recycle all debris in a timely and efficient manner

### Professional product assembly

### Full service installation

### Final layout check

# General Room Layout & Design Assistance

## Help in planning

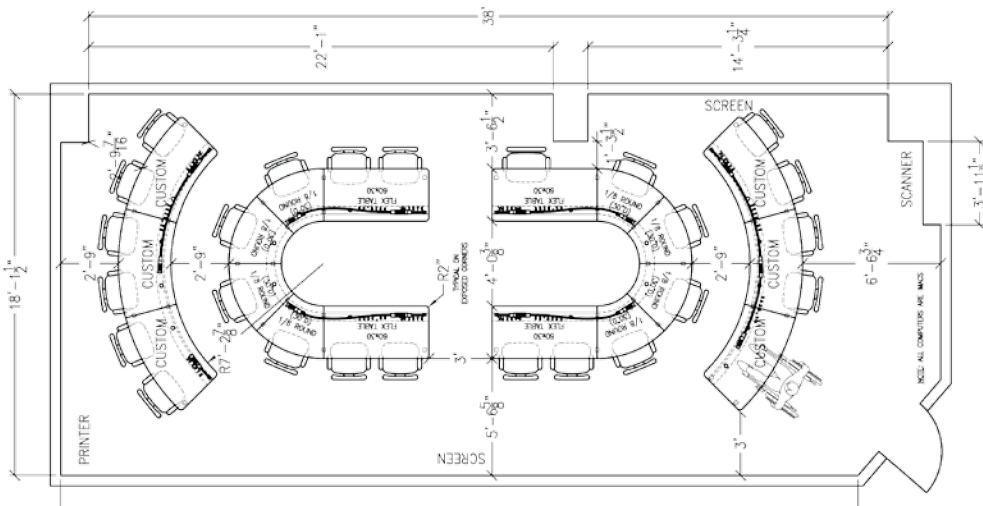

Spectrum will provide general layout and design assistance as a special service to our customers. It is not intended as a formal interior design proposal and is not intended for use in any construction planning.

## Confidence

Be comfortable with your new layout before the furniture arrives

General Information

## Active layouts

### Layout benefits

- This process will help you choose the correct furnishings to meet your needs
- Be comfortable with your new layout before the furniture arrives
- Avoid budget mistakes
- Work around your existing building constraints
- No headaches or hassles
- Make staff and students happy by installing innovative furniture that will connect them to technology

# Terms & Conditions

Coordinating the purchase, delivery and payment for goods and services can be a rather large task. In an effort to help our customers understand all that goes into a transaction we have carefully laid out Spectrum's Terms & Conditions.

If you need help understanding the Terms and Conditions please allow us to assist you. We are happy to review your situation and guide you through the purchasing process. We look forward to working with you soon. Thank you!

These purchase order Standard Terms and Conditions (the "Terms and Conditions") apply to any and all purchase orders submitted to Spectrum Industries, Inc. ("Spectrum") by any party who purchases any products from Spectrum (the "Buyer"). No additional or different terms or conditions will be binding upon Spectrum unless specifically agreed to in writing and with conflicting provisions specifically initialed by Spectrum. Failure of Spectrum to object to provisions contained in any purchase order or other communication from Buyer shall not be construed as a waiver of these terms and conditions, nor acceptance of any such provisions. Purchase Orders and other forms, documents and correspondence submitted by Buyer shall only be effective for the purpose of identifying quantities and desired delivery dates. These Terms and Conditions, together with any Spectrum approved purchase order and exhibits thereto (the "Purchase Order"), shall constitute the entire agreement between Spectrum and Buyer with respect to the subject matter hereof and supersedes all previous agreements whether written or oral. In the event of a conflict between these Terms and Conditions and the Purchase Order, these Terms and Conditions shall control.

## SECTION 1: ORDER AND PAYMENT TERMS

### 1.1 Prices

Unless otherwise agreed by Spectrum in writing, all prices are F.O.B. (as defined in the U.C.C.) Spectrum's facilities in 1600 Johnson Street or 925 First Avenue, Chippewa Falls, WI 54729, or, if the products are being delivered to an address outside of the USA, then FCA (as that term is defined in INCOTERMS 2010) Spectrum's facilities in 1600 Johnson Street or 925 First Avenue, Chippewa Falls, WI 54729. Prices are adjusted periodically. Pricing is subject to change without notice. It is the responsibility of the Buyer to confirm pricing before submitting an order. Applicable federal, state, and local taxes are not included in price.

## SECTION 2: FREIGHT RESPONSIBILITIES

### 2.1 Freight Quotations

Spectrum prepares a "freight quotation" for all domestic orders. Freight quotations to education, government, healthcare and corporate accounts are estimates only and actual freight costs will be billed. The freight quotation is not intended to be used as the final amount that will be billed for freight. Unfortunately due to the length of time required to receive a purchase order from a customer, manufacturing lead-times, and volatility of fuel surcharges these amounts can vary from the time of the quote to the time of the shipment. As a result the actual amount invoiced to Spectrum by the freight carrier will be the amount billed to the Buyer.

Freight quotations for Reseller accounts will utilize a Zoned Freight Percentage based on the state the order will ship to. This percentage can be used for quoting purposes and also added directly to purchase orders. For more information on the Zoned Freight Program please contact Spectrum at 1-800-235-1262.

## SECTION 3: WARRANTY STATEMENT

### We Will Make It Right For You!

Spectrum is committed to provide complete customer satisfaction. Each of our products is manufactured from the best materials available and each product is stringently monitored throughout the production process through our P.A.C.E. program (Product Assurance to meet Customer Expectations).

We expressly warrant that Spectrum products will be of good quality and workmanship and free from defect for the period set out in the warranty table below from the date of delivery. This warranty shall not apply to defects or damage resulting from misuse, abuse, neglect, improper care, modification or repair not authorized by Spectrum, or any other cause outside the control of Spectrum. Spectrum will, at its sole option, either repair or replace the defective product.

This warranty is exclusive; no other warranty, written or oral, is expressed or implied. This warranty is given by Spectrum to Buyer and to no other person or legal entity. No Spectrum dealer, distributor, agent or employee is authorized to make any modification or addition to this warranty.

NOTWITHSTANDING ANYTHING TO THE CONTRARY, SPECTRUM WILL NOT UNDER ANY CIRCUMSTANCES BE LIABLE FOR INDIRECT OR LIQUIDATED DAMAGES, INCLUDING CONSEQUENTIAL, INCIDENTAL AND SPECIAL DAMAGES. IN NO EVENT SHALL SPECTRUM'S LIABILITY, WHETHER UNDER CONTRACT OR WARRANTY, IN TORT OR OTHERWISE, EXCEED THE PURCHASE PRICE RECEIVED BY SPECTRUM FOR THE PRODUCT AT ISSUE AND "RECALL ACTION" EXPENSES. SPECTRUM SHALL NOT BE SUBJECT TO ANY OTHER OBLIGATIONS OR LIABILITIES, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORIES OF LAW, WITH RESPECT TO PRODUCTS SOLD OR SERVICES RENDERED BY SPECTRUM, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATING THERETO.

Our Customer Service Department is ready to provide immediate attention to any questions, comments or concerns. They are available to answer your calls Monday through Friday from 7 am to 5 pm CST. In addition your product comments or concerns are welcome via e-mail at: [spectrum@spectrumfurniture.com](mailto:spectrum@spectrumfurniture.com).

## SECTION 4: RETURN POLICY

### 4.1 Returns

All sales are final. In certain situations returns may be authorized at Spectrum's sole discretion. All returns must be pre-authorized by Spectrum. All returns must be in original packaging and in saleable condition. Return of products may be subject to restocking fees. The final credit amount for returned products will be determined by Spectrum after the returned product has been received and inspected by Spectrum. Such amount will be credited to Buyer's account for application against future orders with Spectrum.

## SECTION 5: MISCELLANEOUS

### 5.1 Force Majeure

Spectrum shall not be liable when its performance is delayed or prevented by "Force Majeure," i.e., by war, strike, riot, crime, embargo, fuel or energy shortage, act of government authority, flood, earthquake, volcano, fire, supplier failures, labor shortages, or any other cause reasonably beyond Spectrum's control. In a Force Majeure event, Spectrum reserves the right to extend the date of delivery for an appropriate amount of time or to cancel the purchase order. Upon the occurrence of such event, Spectrum will attempt to work closely with the Buyer in an effort to build awareness and update dates of delivery.

### 5.2 Governing Law and Venue

This Agreement will be interpreted and governed by the laws of the State of Wisconsin, USA, without application of its conflict of law provisions. The U. N. Convention on Contracts for the International Sale of Goods will not apply to this Agreement. The sole jurisdiction and venue for any litigation arising from or relating to this Agreement shall be in a federal or state court of competent jurisdiction located in the State of Wisconsin.

### 5.3 Indemnification

Buyer shall at all times defend, indemnify and hold Spectrum (including its directors, officers, employees, agents, affiliates, successors and permitted assigns) harmless from and against all liabilities, actions, proceedings, claims, demands, losses, suits, outlays, damages, judgments, penalties and expenses of any kind or nature (including reasonable attorneys' fees) that may be suffered or incurred by any of them as a result of any claim or action by a third party against Spectrum that arises out of or relates to (i) any physical injury or death or damage to real property resulting from the gross negligence or willful misconduct of Buyer, or not otherwise resulting from a defect in the product; (ii) changes, alterations or additions to any products by Buyer not authorized in writing by Spectrum; or (iii) any misuse, or improper assembly, storage or maintenance of products by Buyer.

### 5.4 Regulatory Matters

The labeling of the products shall comply with all U.S. laws, the laws of the jurisdictions where the products are manufactured, and the jurisdictions where the first sale of the products takes place. Spectrum shall not be responsible for obtaining any regulatory approvals for the products except for those jurisdictions into which Spectrum's first sale of a product takes place, unless Spectrum specifically agrees to do so in writing.

Spectrum shall have the right to withdraw any offer or rescind any sale if it is determined to be in violation of any U.S. trade laws or regulations.

### 5.5 Importation Compliance

Buyer acknowledges that it is purchasing the products for purposes of exporting from the U.S.A. and importing the products into the country specified in the purchase order and shipping documents. Unless otherwise agreed to by Spectrum, Buyer will be the importer of record when importing the products into a foreign jurisdiction. Buyer shall be responsible for the transportation of the products and the importation of the products into the country where the products are to be delivered in strict compliance with all laws of such country. Buyer agrees that it shall not re-export or transship the products.

## 5.6 Foreign Corrupt Practices Act

If Buyer is a distributor, sales representative or value added reseller of Spectrum, Buyer acknowledges that it is not an agent of Spectrum and represents and warrants that it will not pay anything of value, monetary or otherwise, to any government employee or official in connection with the resale of this product.

## 5.7 Intellectual Property Rights

Buyer acknowledges that it has no right, title or interest in the intellectual property of Spectrum and agrees it will take no action to reverse engineer Spectrum's products or technology, or to register or otherwise interfere with Spectrum's intellectual property rights.

## 5.8 Assignment, Modification and Waiver

This Agreement may not be assigned by Buyer without Spectrum's express written consent. No purported amendment, modification or waiver of any provision hereof shall be binding unless set forth in writing by Spectrum. Any waiver is limited to the circumstance or event specifically referenced in the written waiver documents and will not be deemed a waiver of any other term of these Terms and Conditions or of the same circumstance or event upon any recurrence thereof. The failure of Spectrum to enforce any provision of these Terms and Conditions at any time shall not be construed to be a waiver of such provision nor of the right of Spectrum to thereafter enforce such provision.
