

## LV-8235 ULTRA-SHORT THROW PROJECTOR

# Superb Imaging Performance and Flexibility

The Canon LV-8235 UST (ultra-short throw) projector features outstanding imaging performance, 2500 lumens and one of the shortest projection throws available on the market. The LV-8235 UST projector can project an 80-inch image from as little as 1.04 feet away, enabling users the freedom to install the device in a variety of locations, including on a desktop or the floor. Ideal for use in educational or business environments, the ultra-short throw distance enables presenters to stay out of the projection, thus

preventing shadows from being cast or the light from getting into

their eyes. The built-in 10W speaker is also the ideal volume for classrooms or boardrooms. With Auto Set and Auto PC adjustment features, setup is quick and easy. The LV-8235 UST projector features native WXGA resolution (1280 x 800 at 16:10 ratio), a standard resolution found on many widescreen laptops, and a high contrast ratio of 2000:1 which combine to deliver crisp, vivid images with deep blacks. Other advanced features include 3D support (when viewed with active-shutter 3D glasses) as well as an HDMI input which allows for the projection of high quality digital images and high definition 1080p signals.

### Key Features

- ► Native WXGA (1280 x 800) Resolution
- ► 2500 Lumens
- ► Ultra-Short Throw
- ► 2000:1 Contrast Ratio
- ► DLP Technology
- ► 3D Support
- ► HDMI Input
- Closed Captioning
- ► Wall Color Setting
- ▶ 10-Watt Speaker

The LV-8235 UST projector is configured to project from a range of digital and widescreen sources.

- Network Connectivity
- Quiet Operation

### Recommended For:

- Classrooms
- Showrooms
- ► Small Meeting Rooms
- Art Galleries
- Museums
- Small Theaters
- ► Retail
