750R06, 750R27, 750R07, 750R08, 750R29, 750R30, 750R31, 750RD5,
750RD6, 750RD27

Product Name:

Fluke 750P/750R Pressure Module

Instrument Description:

Pressure module series measuring pressure from 1 inch H2O to 10,000 psi.

Memory Description:

Microprocessor flash:

64 Kbytes

Microprocessor RAM:

6 Kbytes

Memory Cleaning Instructions:

There is no user accessible memory. A programming device is necessary to access memory.
