

Adjustable CPU Sling

Some leg space is used by the CPU Sling, Spectrum recommends the sling be used with desks that are 44" or wider. This will give students sufficient leg room.

- Slings are designed for use on CLASS, Evolution, and TECC 6400 lines

95500

- 8"-10"W x 17¹/₂"D x 21"-23"H

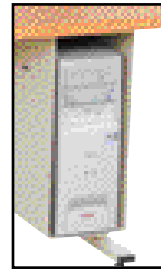

Large - Adjustable CPU Sling

Universal CPU Shelf

The shelf works with most desk configurations. The Universal CPU Shelf cradles the leg base on one side while adjustable glides take care of any leveling and stability issues. This unit will work on either the inside or outside of the leg.
