Assessment & Student Response

ActiVote **Activ**Expression **Activ**Engage2

Easily gain instant insight into how well the class grasps the lesson, and an on-the-spot understanding of what should be covered or reviewed next. Formative assessment has never been easier.

- Boost classroom communication and discussion and provide every student the opportunity to confidently participate.
- Use the detailed data at your fingertips to intervene where needed, to identify students who are ready for a new challenge and to inform effective collaboration with parents, administrators and fellow teachers.

Interactive Table & Interactive Tools

ActivTable

- This multi-user collaborative tool for up to six students facilitates group work, problem-solving activities and consensus decision making.
- Easy-to-use, intuitive tools, activities and software drive learner engagement.
- Activity reporting tools offer teachers insight into student contributions.

ActivArena
